CHEERS FOR CHAMP

MAJOR AND OTHERS ALSO POPULAR AT ST. JOSEPH.

REED'S GREAT SPEECH

Junior United States Senator at His Best—Fifty-Five Here Went This Morning.

The shades of Jefferson and Jackson are probably hovering over St. Joseph today. If they are not, it is not because they are not being invoked many times. Special trains ran into the city from all directions carrying Democrats—former officials, officials and those who would like to be.

Fifty-five tickets were sold here to St. Joseph on the morning Burlington today. At least as many more are planning to go this afternoon who could not afford to leave their business all day. The Fourth Regiment band went along to let everyone know that Maryville was alive and appreciated the selection of a citizen, W. A. Blagg, as chairman of the day.

Among the speakers of prominence was United States Senator James A. Reed of Kansas City, whose speech in part follows:

The Democratic party has been in power thirty months. In that short period of time it has demonstrated a capacity to meet and solve the most difficult domestic and foreign problems ever confronting a national administration.

Refusing alike the proposals of radicals who have advocated a revolution in law and the destruction of constitutional safeguards, and the demands of reactionaries who have contended against all remedial legislation, the Democratic party has pursued a plan of progress characterized by a careful and just regard for the rights of all the American people. It has not hesitated to attack an evil because of its antiquity. Neither has it accepted or repudiated a doctrine only because it was new. It has applied the test of sound reason and logic to every situation.

Banking and Currency Reform.

A banking and currency system which for fifty years compelled or induced the congestion of the moneys of the country in New York City was supplanted by a new system. The new banking law transferred the seat of financial authority from the private bankers of Wall street to the public officials at Washington and mobilized the bank reserves in great regional banks which are subjected to governmental inspection and control..

Labor Laws for the Laborer.

Against certain great evils, labor had long cried out in vain. The Democratic party passed a law which gave to all persons charged with violations of an injunction the right to a trial by a jury of their peers.

It declared that labor should no longer be regarded as an article of commerce.

It safeguarded the privilege of peaceable assemblies by expressly stipulating that citizens should have the right to organize themselves into agricultural and labor societies without denial and without interference.

International Obligations.

Incomparably more important than domestic policies are difficulties arising from our foreign relations. Here we reach a plane elevated far above partisan differences or party alignments. Upon this high ground patriotism must rise superior to party advantage.

It has been fittingly said: "Party politics must cease at the borders of our country."

There are differences of opinion oftentimes as to the best course of action. Among patriots there can be no differences regarding the fundamental principle, which is that the interests of America are paramount to those of any and all other countries—"America first." He is a poor patriot who subordinates in any degree the course of this country to that of any other nation.

War's Effect On United States.

Divided as we are by a wide stretch of ocean, we are nevertheless closely and intimately united with all the affairs of Europe. Our international commerce is beyond calculation. Upon its maintenance depends in a great measure the prosperity and happiness of the American people. If our foreign trade were to be suddenly and permanently stopped, the result would be so appalling as to stagger the human imagitation. Much trade, like that of cotton, was almost ruined.

In the face of these unparalleled conditions, our financial institutions stood like the rock of Gibralter. That fact all candid men must admit was due principally to the wise amendments the Democratic party had made to the financial and banking laws.

Diplomatic Controversies.

It should not be forgotten that an unprecedented war means unprecedented conditions. Great nations engaged in a life and death struggle are likely to have little regard for rules of war, or for the rights of neutrals when their own interests are vitally concerned. War dethrones reason. Every passion of the belligerents was naturally inflamed. Those principles of justice and equity which, under normal conditions, would have been unhesitatingly admitted, were obscured or obliterated by the anger and stress of the hour.

How fortunate it was that at such a time the chief magistrate of this land should have been at once a lover of peace, and a lover of his country. How fortunate that Woodrow Wilson possessed the highest courage, and also the highest patience. How happy for America that her president appreciated the glories of peace, but also understood the inestimable value of national honor. With what satisfaction we should contemplate the fact that the man at the helm could steer a middle course between the two extremes of opinion, and thus compel a just recognition of our rights, preserve untarnished our intenational credit, and at the same time retain the good opinion and friendly regard of all the world.

The task was titanic; its accomplishment has been majestic. The president's policies have been as great as our country. Out of the turmoil America has thus far come acquitted with honor. Is it not time that the voice of the carper and the critic should cease.

One of Big Speakers at Saint Joseph

U. S. SENATOR JAMES A. REED.

The Misses Tate Return.

The Misses Jeanette and Julia Tate returned at noon today from a visit at Fort Stockton, Texas, where they were the guests of Mr. and Mrs. Ike Thomas Pryor.

CHAMP GREATEST MISSOURIAN

Named by Governor Major, Adding More Glory to Speaker's Ovation Today.

Special to The Democrat-Forum.

Sedalia, Mo., Oct. 1.—Champ Clark, speaker of the national house of representatives, was named as the greatest living Missourian by Governor Major in an address here today. The selection was made by the governor in accordance with a request from the officials of the Panama-Pacific exposition. Just before his address the governor sent telegrams to Mr. Clark and to Charles Moore, president of the exposition, announcing his choice. To Mr. Clark at St. Joseph he wired:

"The Panama-Pacific International exposition has requested me, as chief executive of the state, to name the greatest living Missourian. It gives me pleasure to advise that I have this day named you as the greatest living Missourian. I, perhaps, know you personally, and your character and life work, better than any other man in public life. You merit this tribute by reason of your achievements, the splendid service you have rendered both state and nation and the honors and distinctions bestowed upon you by an appreciative people."

COUNCIL MEETING TONIGHT

But It Will Adjourn Until Tomorrow Night Immediately Because Several Members Are in St. Joe

Having called the city council to order, Mayor U. S. Wright will immediately adjourn it until tomorrow night. Several members are in St. Joseph and the mayor doesn't want to take advantage of them in their absence.

The board of public works met last night and "O. K'd." a batch of bills. They will hold an adjourned meeting tomorrow morning at 9 o'clock. The gas meters are being read today.

WAS IN WABASH WRECK

Roy Collins Received Bruised Finger When Cars Overturned Near Wellsville, Mo.

Roy Collins was slightly injured in the wreck on the Wabash about 12 o'clock last night near Wellsville, Mo. He sustained a cut and bruise on one of his fingers. Mr. and Mrs. Joseph Reese of this city, were also on the same train but were not injured. They were returning from St. Louis where they have been attending the Grand Lodge meeting, representing the Maryville lodges.

Three Pullmans on the train went off of the track. It is thought that it was due to a defective rail. Five were slightly injured. The train which is due here at six o'clock did not arrive until nearly 10:30 o'clock this morning.

Both of the night trains on the Wabash last night were also late. No. 50 passenger, due here at 8:47 p. m., did not arrive until midnight, the engine breaking down at Elmo. The passenger train No. 14 also had angine troubles at Coin, Ia., and arrived here about 2 o'clock this morning, about four hours late.

A. J. Hoyt of Quitman spent yesterday in Maryville on business.

CLOSE YEAR'S WORK

METHODISTS OF COUNTY HAVE HAD MUCH SUCCESS.

LAYMEN GO TO CAMERON

Most of Preachers Are Expected to Be Returned—Nodaway Rural Churches Prosper.

The Nodaway county Methodist churches have had the best year of their history. That is the sentiment with which the eleven pastors of this county will board the train for Cameron Tuesday morning to attend the annual conference of the church.

The Rev. G. S. Cox, pastor of the church in Maryville, goes with a unanimous resolution of the quarterly conference of the church asking for his return. Sunday he expects to give a summary of the year's work. This is the close of Mr. Cox's third year.

The Rev. C. H. Sauceman of Skidmore is closing up his sixth year's work. In that time he has built up the whole work and his church at Burr Oak is probably the finest material plant among the country churches of the county. In length of stay he leads the county by three years, Rev. Cox taking second to him. But in the Maryville district one other man has a longer record. Rev. E. L. Robinson has been at Westboro eight years. Mr. Sauceman was asked back for the seventh year by his last quarterly conference and will probably return.

A change is assured in only one charge in the county, Burlington Junction. The Rev. T. C. Middleton has announced that he will retire from the active ministry. He has been there one year. No hint as to his successor has been made.

The Rev. J. L. Bilby finished his second year at Barnard. The growth of his Sunday school and the success of his Bible class have been the distinctive features of his work. He will probably return.

The Rev. S. P. Stillman has attracted attention to his work on the Pickering charge chiefly by the development of the Myrtle Tree church. A new basement has been put under the charge and the whole plant was made more adaptable to community center work and social purposes. It is the pastor's second year in Pickering.

Graham has been supplied this year by Rev. G. C. Wadding, who came to the work from a charge in Oklahoma. He will present his credentials and letters of recommendation from the Oklahoma conference to the Missouri conference next week, and be received into full connection.

The other pastors of the county and their length of service are: Rev. N. E. Bottom, Clearmont, two years; Rev. Frank Smutz, Elmo, one year; Rev. H. McNamee, Hopkins, two years; Rev. W. E. Tinney, Parnell, two years; Rev. D. L. Burger, Quitman, two years.

The sessions of the conference which will open in Cameron next Tuesday night will be of particular interest because they are the last before the meeting of the general conference of the church, which will be held at Saratoga Springs, N. Y., next May.

The action of the general conference is determined largely by the recommendations which are sent up by the state conferences. Delegates are to be elected at Cameron and the recommendations of the Missouri conference with reference to removing the time limit from the district superintendent or placing it upon the pastors again, will be discussed.

Another matter of great importance will be federation with the M. E. church, South. The general conferences of the churches appointed commissions to draw up articles of federation four years ago. The general conference of the southern church, meeting in Oklahoma City last summer, adopted the recommendations of the joint commission. If the general conference at Saratoga Springs also accedes, the union of the two great branches of Methodism will be practically assured.

The lay delegates who will attend from the various charges in Nodaway county are F. H. Badger, Barnard; R. D. Corken, Burlington Junction; Colin Johnson, Clearmont; A. W. Nelson, Elmo; E. A. Miller, Hopkins; H. C. Bower, Maryville; J. W. Kennedy, Parnell; Ernest Wray, Pickering; J. O. Charles, Quitman, and J. G. Hayes, Skidmore.

Here from Oklahoma City.

Sister Mary Martinia of Oklahoma City, Okla., came to Maryville yesterday to visit her sister, Mrs. John Shonley, and she will also visit another sister, Miss Nora Ellerman of Clyde.

FRANCE MARCHES ON

VICTORY STILL WITH TRI-COLOR IN SPITE OF ODDS.

PRUSSIAN GUARD THERE

Finest of German Army Being Used in Effort to Stop the French Drive.

Special to The Democrat-Forum.

Paris, Oct. 1.—Statements show the French, who are bearing the brunt of the fight, continue to make gains toward Vimy, attacking the German trenches with grenades. All German attacks have been repulsed, the aviators are playing a big part in the operations and continually flying over the enemy and finding the weak spots for attacks.

Paris, Oct. 1.—German counter attacks were launched last night in Champagne and Artois to try to regain positions that were captured by the allies. This answers the question everybody has been asking: "Would the allies be able to hold captured positions against German counter attacks?"

The statement from the war office shows fighting now in the seventh day progressing under the finest troops, including Prussian guard.

The Germans' counter attacks have been increasing in fury all along the front, especially north of Loos, where veterans from the Russian front participated in violent artillery duels around Yephes.

The British warships are continuing to bombard the coast while the Germans are concentrating their fire on the French line, which is driving into St. Marie.

HERE'S THE H. S. LINE-UP

Base Ball Team is Playing First Game With Pickering This Afternoon. May Make Shifts.

The line-up of the Maryville high school team which was elected by Paul Becker, director of athletics, from the three teams, Pirates, Braves and Tigers in practice yesterday is: Egley, c; Van Cleve and Hagins, pitchers; Tilson, 1st; Lewis, 2d; Fleming and Frank, ss; Woodard, 3rd; Yehle, lf; Harris, c; Selecman and Hughes, rf.

This team will meet the Pickering high school team this afternoon at 4 o'clock in the first baseball game of the school year with another school. Some changes in the line-up may be made during the game other than those chosen last night, Mr Becker says

FIRST INDOOR CONCERT SUN.

No Cessation of Weekly Programs Because of Cold Weather—Program Starts at 3:30, Oct. 3.

Maryville is one of those rare but fortunate towns where the weekly band concerts do not cease when the cold, cold breezes blow. It was only a week ago last night that we enjoyed our last outdoor program.

And now, day after tomorrow, comes the first of the weekly band concerts on Sunday afternoon at the Empire theater, beginning at 3:30 o'clock. Prof. T .B. Maulding promises that we are to be specially favored this winter with high class programs.

Those who have subscribed for the concerts will be given tickets. For the others a nominal charge of 5 and 10 cents—just enough to pay for light, heat and rent, also for music. The opening program next Sunday afternoon, October 3:

March, "The Panama Exposition," Lake.

Overture, "Barber of Seville," Rossini.

Medley two-step, "When I Leave the World Behind," Schulz.

Cornet solo, "I'll Return, Mother Darling, to You," Colby—T. B. Maulding.

"Shadowland," Gilbert.

Medley march, "In the Hills of Old Kentucky," Alford.

Trombone solo, "When It's Spring Time in Virginia," O'Hare—Loyd Miles.

One-step march, "Everybody Rag With Me," McCabe.

Mr. and Mrs. H. C. Dean of Quitman have returned from a month's visit with relatives at places in Iowa, Nebraska and Missouri.

BULGARIA CAUGHT ON HORNS

Dilemma Has Balkan Nations Nonplussed—Powers May Ask Dispersing of Soldiers.

Special to The Democrat-Forum.

London, Oct. 1.—Bulgaria will be forced to disarm or define her position, according to advices received from the continent. Germany and the allies are both pressing Bulgaria for final action, but neither have issued an ultimatum. The allies are working through Greece, and it is proposed that both Greece and Bulgaria recall mobilization, thus averting danger of war.

Germany, it is reported, has offered Bulgaria additional territory if she will enter the war.

BAPTISTS ARE READY

EVERYTHING COMPLETE FOR RALLY DAY, SUNDAY, OCTOBER 3.

WILL NAME EVANGELIST

Rev. J. H. Dew Cannot Come for January Revival—Reception Group Organized for Sunday School.

All the Baptists in Maryville are on their marks and getting set, in the language of a track team, and a big day is assuredly expected next Saturday (if it doesn't rain). This if is said to have been suggested by many members of the Christian church.

The machinery is all oiled. The social arrangements have been completed with the visiting in the fourth ward this afternoon, and the pastor, the Rev. L. M. Hale, believes that not more than a half dozen members have been missed in the visiting.

The last committee is being "rounded up" today by Clyde Avitt and Mrs. William Everhart. It is the group which will meet the members at the door at Sunday school with a cheery smile and a hearty handshake. The members are L. C. Gann, Clyde Bliss, B. W. Lemon, C. C. Suckow, James Smith, John Davis, James Markwell, David Ferris, John Kelley, Pearl Edwards, Miss Mabel Hunt, Mrs. Eugene Ogden, Mrs. Edward McDonald, Mrs. Robert Jones, Miss Dorothy McDonald, Mrs. Alexander Frazer, Mrs. Eiseman, Mrs. May Clark Denny and Mrs. Martin Borrusch.

One of the principal discussions of the day will be the selection of a man for the annual revival which will start the first Sunday in January. The Rev. J. H. Dew, D. D., of Ridge Crest, S. C., has asked to be excused from his contract as all his other appointments are in the south this winter.

Sunday school, with an attendance of 500, preaching services, a basket dinner, a business meeting and a praise service in the afternoon is the program for the day. No night service will be held.

RAIN FALL FOR MONTH 6.47

September's Temperature Extremes Were 91 On 8th and 38 on the 21st.

The total precipitation for the month just passed was 6.47, but it was not the wettest September in Maryville since records have been kept by almost two inches. The flowing records were given by J. R. Brink.

In 1908, 8.05 inches of rain fell in September. The minimum for the month was in 1895, when only a quarter of an inch fell. The highest temperature recorded in that month was 105, on September 4, 1913. September 18, 1901, and September 29, 1908, each recorded 30 degrees above zero.

The maximum temperature for last month was 91, on the 8th, and the minimum was 38, on the 21st.

To Visit in Nebraska.

Mr. and Mrs. R. E. Thomas have gone to Parks, Neb., where they will visit a few days. Mr. Thomas will visit other points in Nebraska before returning home.

Guests at Swinford Home.

Mr. and Mrs. Andrew Jensen and daughter, Emma, of Bedison spent yesterday in Maryville, the guest of Mr. and Mrs. G. W. Swinford.

STORM DEATHS 132

PROPERTY LOSS ON LOWER MISSISSIPPI $5,000,000.

ARE MAROONED IN TREES

Many Suffering From Hunger While Rescue Parties Search—500 Injured, 1,000 Missing.

Special to The Democrat-Forum.

Memphis, Tenn., Oct. 1.—Railroad officials here estimate the number of dead due to the storm which swept up the Mississippi valley yesterday as 132 and the injured at 500. Fifty-four dead have been reported from New Orleans.

Seven hundred are missing, and it is probable that the number o fdeaths will be much greater. The property damage is now placed at $5,000,000. Appeals for help have come from many places and many rescue parties are being sent out.

The most pitiable conditions are reported along the Pearl river, near Jackson, where fifty-one are reported dead. Hundreds of families are marooned in trees on account of the high water. Six hundred are missing in this valley alone, but it is believed that most of them can be accounted for.

Forty are reported dead at Ferriner and four at Gulfport. All food has been destroyed in some places and hunger is becoming a problem with many of the refugees.

The only wireless in New Orleans which was not put out of commission was one aboard the steamer Excelsior. Many are reported blown overboard on boats. The maximum speed of the wind was 132 miles an hour. All telephones and wire service were made useless for a week.

All railroads along the lower Mississippi have given up their attempt at service. Street car service was not considered feasible today on account of the debris in the streets.

ROAD BONDS LOST AGAIN

Monroe Township Lacked 21 of a Two-Thirds This Time, Being 195 to 133.

Monroe township advocates of $25,000 roads bond issue fell 21 short of the necessary two-thirds yesterday when the vote was 195 to 133. To have carried the vote had to be 218 for. This makes the third defeat for the bond issue in that township.

PAGE FITE WON APPEAL.

Jury Finds Him Not Guilty of Assault Upon J. W. Hudgens.

Page Fite won a case of assault in circuit court yesterday for which he was convicted in the police court of Maryville last March and fined $5. He was charged with an assault upon J. W. Hudgens January 11, 1915.

The evidence in which Fite told the story of the trouble caused much merriment in the court room. Counsel for Hudgens tried to bring out that Hudgens had been a witness against Fite in Omaha and that the defendant had malice against him for that reason.

Fite denied this and told a semi-humorous story of a mix-up with boxing gloves and other athletic paraphernalia. The jury which found him not guilty, was: J. R. Turner, chairman; A. C. Dredge, Jake Moore, Eli McAtee, W. V. Smith, Charles Bloom, J. D. Elliott, C. A. McCoppin, H. E. Bradley, M. J. Dougan, Chester Frazee and Hugh Strong.

Mt. Tabor Dedication Tomorrow.

The dedication of the new Mt. Tabor school house, which had to be postponed last week, will be held tomorrow unless more bad weather prevents. A basket dinner will be given and several county officers will speak.

Announcement.

We are authorized to announce Robert I. Young of Buchanan county, as a Democratic candidate for Congress from the Fourth district subject to the primary election to be held August 8, 1916.

Those persistent rumors of peace are only another good example of the wish being father to the thought.

"Did it ain all last week." a street wag was asked yesterday. "No," he answered, "Let's see. There was a couple of hours Tuesday when it lightened up a little."

This is the season when no one reminds us that we should take a swat at the fly and so almost unmolested they fatten up and laid some 'steen billion winter eggs. "Swat for the winter's coming" should be the refrain of a popular autumn song.

Nothing but evil could come from these sport shirts. The teachers, school board, and now the civil courts in a New Jersey town are all torn up because a man insists that his two boys have as much right to wear sport shirts to school as the girls have low necks and short sleeves.

'FRISCO FAIR HONORS MISSOURIAN

T. E. Quisenberry, Director of Poultry Station, Promoted to Assistant Chief.

Special to The Democrat-Forum.

San Francisco, Oct. 1.—T. E. Quisenberry, head of the Missouri Poultry Experiment Station at Mountain Grove, Mo., has been made assistant chief of the division of live stock at the Panama-Pacific Exposition. Mr. Quisenberry came here as superintendent of the poultry exhibit at the big fair.

Go with the Santa Fe farmer's Special

Spend two weeks in seeing California in connection with your visit to the two Expositions.

This tour is especially for rural folks and others interested. I want you to see the San Joaquin Valley and talk to the people about the greater production per acre, the balmy, healthful climate, the year-round growing season. You will be the **guests of many communities** in Southern California and San Joaquin Valley. You will be **taken on auto trips** to see their farms, orchards and homes. We have no land to sell. We just want you to see and know California.

Let me tell you at what **small cost** this trip will be made. We will live on our own special cars most of the time, so saving hotel bills. Go with us on the Santa Fe, stop a day at Grand Canyon and return Santa Fe or any direct route.

This party will **leave Chicago October 14,** reach San Francisco about October 30, and return from there at your pleasure up to December 31. You'll see rural California — as you could see it in no other way. You'll see the two great world expositions. Also you'll see the Grand Canyon of Arisona.

Make reservations promptly, to insure getting space wanted — the time is short.

Write me to-day for itinerary, particulars and rates.

GIRLS! GIRLS! TRY IT! STOP DANDRUFF AND BEAUTIFY YOUR HAIR

Hair Stops Falling Out and Gets Thick, Wavy, Strong and Beautiful.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25-cent bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it.

DO YOUR HENS LAY?

If Not, Use Sour Milk, Beef Scrap, or Green Cut Bone and Gather More Eggs.

"Milk or meat in the ration may make all the difference between profit and loss," declares H. L. Kempster, professor of Poultry Husbandry of the College of Agriculture. "We know from our tests at the Experiment Station and from the experience of poultrymen everywhere. We got only 945 eggs from a pen of hens that ate no animal food, while another pen of hens no better in any way, but fed sour milk, laid 1,783. Those fed beef scrap laid 1,802 eggs. While this is a higher record than either of the others, the sour milk is so much cheaper and easier to get on most farms that we recommend it most highly. At 20 cents a dozen, the eggs from the hens fed sour milk brought $29.71 and those from the hens fed beef scrap, $30.03. The difference wouldn't begin to pay for the extra cost and trouble of beef scrap. The big thing to remember is that the hens fed no animal food brought little more than half as much egg money. Theory and experience both say 'Feed the laying hen sour milk as part of her ration.'"

Peach Ice Cream.
Small Coffee or Iced Tea.

A Few Jellies.

BAR-LE-DUC Currant Jelly.—Clean and pick over ripe currants, detaching the stems. To each pound of fruit allow a pound of granulated sugar. Pour the sugar on the currants, set in a cool place and let them stand overnight. Next morning turn the berries carefully into a colander so as not to break them and let the juice drip from them. If the mixture is too thick to let the juice flow freely, add a little water. Put the sirup over the fire and cook steadily for half an hour. Drop in the currants and cook slowly for fifteen minutes. Put up in jelly glasses or small jars. This is nearly as good as the imported bar-le-duc and is better at the end of a few months than when first made.

Crabapple Jelly.—Wash stems and cut in halves one peck crabapples. Put in kettle with just enough water to keep from burning and cook until soft. Strain, but do not squeeze. Measure the juice and boil twenty minutes, then add same amount of warmed sugar and strained juice of four lemons. Boil till it jellies on spoon. Makes twelve small tumblers.

Cherry Jam.—Wipe the fruit and remove the stones. Put in a pan a pint of red currant juice and three pounds of preserving sugar and boil fast for five minutes. Add four pounds of cherries (weighed after stoning) and boil gently, stirring frequently and skimming it well, till the fruit is perfectly tender and the sirup will jelly when put to cool.

Preserved Quinces.—Wash, pare and core the quinces, weigh and allow equal weight of sugar. Cover fruit with cold water, cover kettle and cook slowly till tender; then put in the sugar and cook slowly till as thick and dark as you want it. It takes quite awhile to cook. Can hot, as usual. Cover parings and cores with cold water and cook until soft, let drip and cook with equal measures of sugar to make jelly or add pared and cored sweet apples to make sauce.

Anna Thompson.

WOOLWORTH PAYS BILL.

Cancels Old Circus Debt of 50 Cents In Town of Boyhood.

Watertown, N. Y.—Frank W. Woolworth, many times a millionaire, is worth at least 50 cents less than when he arrived here. It was a persistent creditor known far and wide in this section as "Huckleberry Charlie" Sherman that took Mr. Woolworth's measure.

Forty years ago, when the big syndicate man and "Huckleberry Charlie" played as boys in the fields near Great Bend, the future multimillionaire needed just 50 cents to go to a circus that had struck town. On Charlie's money they both saw the show.

Recently, as Mr. Woolworth alighted from his automobile, Charlie was on hand to press his claim. Mr. Woolworth did not temporize. He acknowledged the debt, and, what's more, he paid it.

"We are both from the same town, you know," explained Mr. Woolworth after the settlement. "It seems good to see Charlie once more, even if it has cost me half a dollar. Anyway, that was the best show I ever saw."

KEPT COFFIN THIRTY YEARS.

Eccentric War Veteran Arranged His Own Funeral.

Newcastle, Ind.—Moab Turner, seventy-seven years old, was buried in a coffin he had made thirty years ago when he suffered his first stroke of paralysis. It was built from a great walnut chest which had been in his family for years. The coffin had been in the care of a local undertaker for ten years.

Turner, who was eccentric and arranged his own funeral, lived in Tennessee when the civil war broke out. He was conscripted by the south, and after six months' service succeeded in having himself taken prisoner so that he could join the Union army. He was captured at Cumberland Gap, exchanged, saw service daily in the Atlanta campaign and was again captured.

SHE IS QUEEN RAT CATCHER.

Girl of Twelve Demands Bounty on Bodies of Seventeen.

Marinette, Wis. — Pearl Parlmeteer, twelve, has given another proof of woman's encroachment on provinces heretofore occupied by men. She took seventeen dead rats into the office of Menominee's city clerk and asked for the bounty of 5 cents a head.

In the number of rats caught Pearl is second only to Lloyd Mason, the champion six-year-old rat catcher of Menominee, who has killed and collected bounties on fifty-four rats.

TURN FAUCET AND GET APPLEJACK COCKTAIL

Enjoyed Until Cider Makers Find New Dump For Refuse.

Reading, Pa.—For some weeks the city water bureau has noticed an amazing increase in the water used in this city. Inspectors and registrars alike were unable to account for it. People who seldom used water except to wash in have been seen indulging in amazing quantities. Men who have not used it as a tipple for a long time have been forsaking bars and clinging to water attachments in public places in lieu of pumps.

Analysis of the water discovered a peculiar taste. It was like three fingers of Bourbon diluted to the eighth degree. This failed to solve the mystery, however, as no one supposed for a moment that a distillery had been located near any of the reservoirs.

By accident the key to the puzzle has just been found. One of the inspectors of the state health board patrolling the water shed found several cider mills along the Maiden creek, which supplies the city, were dumping the waste and pulp from the apples used in making cider into the stream. This pulp, fermenting in the shallow places, produced the alcoholic juice that lent its peculiar applejack flavor later noticed in the city water.

Even the fish showed the effects. Fishermen reported that the fish would not bite, but seemed to be running around recklessly in the water and indulging in antics that no fish in its right mind would think of.

FLOOD LIFTS COW INTO TREE

Among Other Freakish Stunts, It Steals Barrel of Vinegar.

Frederick, Md.—Queer freaks were played by a cloudburst which swept over a section of Frederick county.

County Commissioner Frank M. Stevens of Creagerstown lost two cows. He found one of them in the fork of a peach tree seven feet from the ground. Samuel Geisbert of Creagerstown, who thought he had taken every movable object from his cellar, lost a barrel of vinegar.

Kill Big Brown Bear.

Nevada City, Cal.—A 300 pound brown bear was killed by Albert Buck and Henry Bever while hunting their stock in the vicinity of Moores flat. The footprints of the bear had been seen for weeks. The dogs got the scent and soon had the animal treed. Buck took one shot and brought the bear to earth. There have been several bears seen in the northern part of Nevada county and they have been a menace to the stockmen.

No Style Show This Season

On account of slow deliveries of merchandise we have decided not to hold a style show this season.
We have now placed in our regular stocks all the beautiful Cloaks, Suits, Dresses, Furs, etc which we have not shown before, thinking we would have a style show.
These are the most beautiful garments we have shown this season.
Be Sure To See Them.

LADIES DAY AT WASHINGTON.

G.A.R. Veterans Honor 25 War Nurses Who Survive.

Special to The Democrat-Forum.

Washington, Sept. 1.—Sessions of Loyal Women and other ladies' auxiliaries of the Grand Army of the Republic held here in connnection with the Grand Army encampment, were made notable by the presence of Mrs. Rebecca Lane Price, president of the National Association of Army Nurses. Mrs. Price is a famous war nurse and was the guest of honor during the encampment this week.

She is regarded as one of the most vigorous women in Grand Army circles and served with other women, with the sanitary commission during the great struggle between the states. Her home is in Lancaster, Pa., and she is honorary member of the G. A. R. post at Phoenixville, Pa. It was in this village that she and her friends made articles for the soldiers.

Twenty-five war nurses, all who survive of the many young girls and women who went to the battlefields on their errands of mercy in the sixties, were the special guests of the legion.

Praise for Woman's Edition.

The following is from this week's Hopkins Journal:

The Journal wishes to congratulate the ladies of Maryville who had charge of The Daily Democrat-Forum last Saturday, issuing a 24-page paper filled with original matter—a paper teeming with interest for every member of the family, and of especial interest to the women folks, many of the articles and sayings heating their imagination to a point of enthusiasm, but after all the ladies in charge of the paper are not suffragettes, for in surrendering the editorial pencil, they say: "Thank you, Mr. Van Cleve Thank you, Mr.. Todd. It has been great fun and a novel experience. But on the level, we are perfectly willing to go back to our housekeeping and allow you to run the paper from now on. Keeping house and minding the baby is not such a tough job after all, and since an all wise Providence decreed that the running of newspapers should be in the hands of mere men, let us leave it so."

Maryville club women got out a 24-page edition of The Daily Democrat-Forum last Saturday. In addition to interesting local news it contained special features that make Maryville one of the best towns in the state, a "History of Clubs in Maryville" and an "Edcational Department" that was a boost for Maryville's exceptionally strong schools. It was a very creditable edition and gave excellent proof that the ladies of Maryville are true "Missouri Boosters" as well as the men. In fact, it leads us to suspect that in reality these good women are the 'real force" that is making Maryville a winner in every respect.—Gallatin Democrat.

The ladies of Maryville certainly deserve much praise for the splendid edition of The Democrat-Forum, which they had charge of last Saturday. The paper contained 24 pages of news, personal, social, religious, educational, household and several other different sections composed it.—Barnard Bulletin.

Looks Meant a Great Deal.

From the Detroit Free Press.

"She doesn't like the way her husband is carrying on with those young girls."

"What makes you think so? She seems pleasant enough."

"I know, but she just tossed him that 'wait till I get you home' look."

E. J. Fine of Hopkins took cattle to the St. Joseph market yesterday.

Letter to Mr. L. E. Forsythe, Maryville, Mo.

Dear Sir: Porterhouse, so much; neck, so much; all the way between.

Just so with paint. Devoe lead-and-zinc is the porterhouse. Nobody wants the neck; the between, some say, is good enough for them.

But Devoe costs less, not more, than between. Lead-and-oil is between; it is the old-fashion paint. But zinc has come in. Zinc toughens white lead. Devoe lead-and-zinc is the paint that wears twice as long as lead-and-oil.

Mr. John N. Deitel, Fair Haven, N. Y., writes:

"Mr. Charles Hallenbeck of this place painted his house three years ago with Devoe lead-and-zinc; his father painted at the same time with lead-and-oil. Today the son's house looks as well as the day it was painted, while the father's house has all chalked off and needs painting very badly. The father says he will paint with Devoe next time."

Yours truly,
F. W. DEVOE & CO.,
New York, Chicago and Kansas City.

P. S.—Koch's Pharmacy sells our paint.

FIRST LOAN OF FAMOUS FLAGS

Veterans of G. A. R. Get Collection of Noted Banners Temporarily.

Special to The Democrat-Forum.

Washington, Sept. Oct. 1.—For the first time in the nation's history Uncle Sam has consented temporarily to relinquish control of one of history's greatest treasures—the Washington collection of historic flags of the republic. Many attempts have been made to borrow the army and navy flag collection for exhibition at patriotic gatherings, but it remained for the veterans in charge of the Forty-ninth annual encampment and Fiftieth anniversary of the Grand Review of the G. A. R., which is being held in this city this week to be first to receive this privilege.

As famous flag collections go the Americanexhibit is not extraordinarily large but Uncle Sam demonstrates his love and pride by placing a cash valuation of $15,000 on the collection. Several of the more famous of the battle flags, threadbare and torn by the conflicts of 1776, 1812, and 1861, are estimated to be worth $1,000 each.

The Citizens' Committee in charge of the encampment placed the flags on exhibition under military and police guard in a storeroom on Pennsylvania avenue loanedd the flags for the purpose of display to all reponsible citizens of Washington who deposited bond equal to the valuation to the flag selected.

Ozro Gray a Horse Buyer.

Ozro Gray, formerly of Hopkins, but now living at the edge of Maryville, has formed partnership with J. Andy Ford in buying horses, and the new firm bought war horses in this city Wednesday afternoon of this week. Ozro is a live one and makes a success of everything he undertakes. —Hopkins Journal.

OLD SIGNAL CORPS IN ACTION.

President's Message "Wig Wagged" in Old Code Over Washington.

Special to The Democrat-Forum.

Washington, Oct. 1.—On the opening day of the Grand Army Encampment in Washington President Wilson "wig wagged" a message of greeting and good will to the veterans visiting the National capitol. Mr. Wilson did not manipulate the flags for he does not understand the old Myer code which was in use by the Union army during the Civil war, but his welcome was translated into the sign language and sent from station to station about Washington by survivors of the Signal Corps of fifty years ago.

Arrangement for the signaling features of the encampment were made by Lieut. George Carr Round, the president of U. S. Veterans Signal Corps Association, who called upon all members of the organization who were able to do so to be present in Washington during encampment week. The main station of the Signal Corps boys of '61-'65 was upon the heights of Georgetown in the extreme western section of Washington and upon the very spot where the government had its Signal Camps of Instruction during the war. Mt. Tabor Methodist church stands there now and it was used as the headquarters of the Corps.

344,976 Barrels Less Beer Made.

Special to The Democrat-Forum.

Jefferson City, Oct. 1.—There has been a falling off in the manufacture of beer in this state during the present year of 344,976 barrels, according to the estimates furnished today by Thomas Speed Mosby, state beer inspector. This represents 10,694,256 gallons. Up to the close of business today the state had lost $67,544.13 in beer inspection taxes over the collections of a corresponding period last year.

The Neal bridge is unsafe for crossing, due to the loosening of the abutments and piers by the high water. The 102 river is back almost to normal today.

FORMER EMPLOYE RETURNS.

D. Coffman at Head of Carpet Department for Alderman-Yehle.

D. Coffman, a former employe of the Alderman-Yehle Dry Goods company, who has been at Oakland, Cal., for the past year, has returned to Maryville and resumed his former position as head of the carpet department in the Alderman-Yehle store.

Three Big Ears On One Stalk.

Henry Behm was walking through his corn field the other day when he found a stalk with three big ears on it, says the Hopkins Journal. He says he has often seen stalks with two good ears and a nubbin, but never before saw a stalk with three big, well filled ears on it—ears nine or ten inches long. He expects to place the stalk on exhibition at this office. The corn crop here this season will be much heavier than it was last season, some estimating the yield at from 40 to 70 bushels to the acre.

E. B. Sheldon's Condition Unchanged.

The condition of E. B. Sheldon, who was brought from Excelsior Springs to his home in this city Wednesday night, was slightly better today. Mr. Sheldon stood the trip home very well, but there has been no marked improvement in his condition.

Mrs. A. A. Leet of Bedford, Ia., came to Maryville this morning to spend a few days visiting Mr. and Mrs. L. C. Gann.

WONDERS NEVER CEASE.

The Latest is a Wireless Telephone Message Across Continent.

Special to The Democrat-Forum.

Washington, Oct. 1.—Wireless telephone communication across the continent was accomplished today for the first time, when experiments extending over several months culminated in successful transmission of the human voice by radio from the great naval plant at Arlington, Va., across the continent to the station at Mare Island, Cal., 2,500 miles away.

The experiments were conducted under direction of Captain Bullard, chief of the navy's radio service, in co-operation with the American Telephone and Telegraph company and the Western Electric company. Secretary Daniels of the navy, announcing the result tonight, predicted that further developments of wireless telephony will make great changes in long distance communication, both for military and naval service in commercial usage.

The KITCHEN CABINET

The law of a king is service,
And the kingliest serve the most.
Then ye who are sons of promise
And would royal lineage boast,
Get under the common burden,
Go, brother the brotherless sons
And win the royal guerdon,
The thanks of comforted ones.
—Staley F. Davis.

CABBAGE COMBINATIONS.

Cabbage may be made quite another dish by cooking and combining with different seasonings and food. Creamed cabbage is an especially nice dish; shred the cabbage very fine and cook it until tender in boiling water, slightly salted, then drain in a colander and put it into a rich, well seasoned white sauce. A few bits of finely chopped celery and a dash of onion improves the flavor.

Buttered cabbage is another appetizing dish. Cook finely shredded cabbage, until tender, in salted water, drain and put it back into the saucepan, add water, pepper and more salt and when well mixed a few tablespoonfuls of good vinegar to give it a zest. Serve hot.

Cabbage eaten raw is more digestible than when cooked. When serving it raw it should be very finely shredded or chopped and allowed to stand in cold water to crisp. Drain well, add salt, sugar, thick sweet cream and a very little vinegar. This makes a most delicious salad to serve at any meal.

Another cabbage salad which is such a favorite with the Germans especially, and is named German salad, is prepared by chopping fine a small head of cabbage and an onion and pouring over them the fat fried out from a good slice of salt pork cut in small cubes; when well mixed, season highly with salt and red pepper and pour over a half cupful of boiling hot vinegar. The cubes of fried pork may be added or used as a garnish, only be sure to add them, as they add greatly to the salad.

Spanish onion, cabbage and a green pepper chopped together, served individually with a hard-cooked half of egg chopped and sprinkled over each serving. Serve with French dressing.

A rather unusual, but pretty way of serving this vegetable is to boil a nice, solid head until tender and put it whole on a platter with pork sausage for a garnish. Serve wedge-shaped pieces, mashed potato and sausage.

$250,000,000 IS ASKED FOR ARMY

Secretary Garrison Wants That Sum From Congress.

FOR DEFENSIVE PURPOSES.

Half a Million Trained Men In Five Years Is Hope—Declares President Wilson Will Try to Convince Leaders Big Increase Is Imperative—Stock of Ammunition Recommended.

Washington.—The plans for the reorganization of the army are nearing completion and soon will receive the president's approval. A series of conferences has been held at the White House between the president, Secretary of War Garrison and the chairmen of the senate and house committees on military affairs.

The basis of these conferences will be the report which Secretary of War Garrison is preparing with the assistance of the most experienced men in the army. The purpose of the conferences will be to obtain the viewpoints of the legislative leaders and to get their approval of the Garrison plan.

The first and most important point in relation to the plans appears to be that Secretary Garrison will ask congress at the next session for approximately $250,000,000 for the use of the army.

Photo by American Press Association.

SECRETARY GARRISON.

When Secretary Garrison appointed a committee of ranking officers to go into the questions they presented the various needs of the army from their viewpoint and then advised the head of the department that it would require $600,000,000 this year to provide these needs.

The secretary took the plans and analyzed them piece by piece until he has finally cut the cost by $350,000,000.

As now worked out the plans provide for an army built along the following lines:

An immediate increase of between 25,000 and 40,000 men and 1,000 officers.

The present enlistment terms to be changed to the short enlistment, with a reserve provision which requires the soldiers to return to the colors upon call.

By the operation of this plan the army at the end of five years would consist of 500,000 trained men—125,000 in the service and 375,000 prepared to join the colors at a moment's notice.

The theory upon which this plan was worked out was that the American standing army should be for defensive purposes only. In other words, it was prepared upon the assumption that the navy will be increased to such an extent that it can for a long enough time protect the two coasts against attack to give the army a chance to build up a tremendous force with the 500,000 men as a basis.

The plan provides for the enlargement of the most important coast fortifications and the use of the greatest guns at the principal points.

A general increase in all branches of ordnance and the purchase of a stock of ammunition plentiful enough to carry on an initial campaign.

In addition to the plan for the regular army there will be a number of suggestions for the standardization of the militia. Because of the failure of most of the state organizations to meet the standards set down by the war department it has been deemed inadvisable to spend any great amount of federal money on these branches. It is declared that President Wilson will urge on the leaders that the proposed increase is imperative.

Women's Hose Mend Tire.

Elkhart, Ind.—Several pairs of women's hosiery were used in repairing a tire of an automobile in which a party of tourists passed through Elkhart. "We had to do something to reach this burg. Handkerchiefs weren't long enough and we had no tape," said one of the party, explaining why the women could not dismount until new stockings had been purchased.

SOCIETY and CLUBLAND

By KATE SCHENCK

PHONES—OFFICE 42. HOME 683

"Take Her Along."

Mother is really a good sport. You have simply overlooked her in your fun. You have always thought of her as a sort of combination angel and servant, and you have made use of her endlessly and thoughtlessly. You have accepted her sacrifices as a matter of course. Sometimes you have not noticed how near you have come to allowing her love to turn into mere drudgery. The strange part of it is that she loves fun as much as yourself, that she is just as jolly on a picnic as anybody else you could invite. To go on thinking of everybody else and before her is more your misfortune than it is hers. You are really missing a pal when you overlook her. —Los Angeles Times.

W. R. C. to Meet.

The regular meeting of the Women's Relief Corps will be held at 2:30 o'clock Saturday afternoon in the K. of P. hall.

Meets With Mrs. Brooks.

The Epworth League of the Methodist church of Quitman held its regular business meeting last night at the home of Mrs. Mary Brooks. A social period followed the business hour.

To Give Social.

A box supper will be given Saturday night at the Woodmen hall of Quitman for the benefit of the Methodist church of that place.

Craven Dinner Party.

Mr. and Mrs. Robinson Craven were the hosts of a dinner given at noon yesterday at their home on West Second street when plates were laid for Mrs. John Bantz and her house guest, Mrs. John Whedbee of Carthage, Mrs. Rosanna Stauble, Mrs. Anna Stauble and the hosts.

Miss Young Hostess.

Miss Daisy Young was the hostess of a dinner party given at noon yesterday at the Young home on East First street, which was arranged to celebrate her birthday anniversary. Plates were laid for Mr. and Mrs. Albert Appleby and daughter, Alvina, Mr. and Mrs. Albert Mercer, Mr. and Mrs. Will Trullinger and daughter, Ervilla, Mr. and Mrs. R. Young and the hostess.

Observes First Wedding Anniversary.

Mrs. George P. Bellows was the hostess of a dinner given last night at the Bellows home, on West First street in honor of her son and his wife, Mr. and Mrs. Harold Honnold Bellows, and to celebrate the first anniversary of their wedding day. Plates were laid for Mr. and Mrs. Bellows, Mr. and Mrs. J. R. Brink, Mr. and Mrs. R. P. Hosmer and daughter, Margaret Louise, Mrs. M. J. Honnold and the hostess.

Golden Wedding Anniversary.

Mr. and Mrs. J. W. Wilson, living southeast of Skidmore, celebrated their fiftieth wedding anniversary Monday, and to observe the day entertained a large party of friends and relatives at their home. Their only daughter, Mrs. F. S. Yeiter of Garden City, Kan., was present to spend the day with her parents. Mr. and Mrs. Wilson were married at Peoria, Ill., and came to Nodaway county in 1870 to make their home.

Hold Novel Sale.

The women of the First Presbyterian church have planned a benefit event for tomorrow which is decidedly novel. It is called a "parcel post" sale. In each parcel is an article of which the original cost must be a quarter. The majority of the articles are handmade pieces of fancy work or household articles of a greater value. All are to be wrapped so that the contents are entirely disguised and sold for 25 cents each. The sale will be held at the millinery store of Miss Ashford, on North Main street, beginning at 9 o'clock Saturday morning.

Gives Cafeteria Supper.

The Westminster Guild held its September meeting last night in the study rooms of the First Presbyterian church, making the occasion entirely a social one in compliment to Mrs. William Moll Case, the wife of the new pastor, who made her first acquaintance with the guild members at this time. A cafeteria supper was served at 6:30 o'clock, and this was followed by an impromptu musicale, Mrs. Case Mrs. C. Edwin Wells, Mrs. G. H. Colbert, Mrs. E. H. Schenck and Miss Nelle Hudson presenting the program. Those present were Mrs. Case, Mrs. Walter Hanson, Mrs. W. H. Allen, Mrs. C. E. Wells, Mrs. G. H. Colbert, Mrs. Emery Airy, Mrs. E. H. Schenck, Mrs. Fred French, Mrs. Cora Trullinger, Misses Mabel Wells, Helen Todd, Nelle Hudson, Lucie Davis, Kate Schenck, Jean Horn, Eathel Woods, Elizabeth Ashford, Margaret Lee Winston, Lois Farmer, Neva Sage, Alice Worst, Juno Jones, Leona Willard, Lena Brown, Eva and Fay Sprecher, Ida Barton and Theresa Carsten. The first regular study meeting of the season will be held Tuesday evening, October 12, at the home of Miss Nelle Hudson.

To Celebrate Birthday.

A number of the friends and neighbors of Mr. and Mrs. James McGinness, living northeast of the city, arranged a very pleasant surprise for them Monday night, when they gathered at the McGinness home to spend the evening. The occasion was to celebrate the sixtieth birthday anniversary of Mrs. McGinness. The crowd brought with them the menu to serve a delicious supper, which was enjoyed. A musical program was given by Messrs. Louis, Roy and Fred Schulte. Those present were Mr. and Mrs. McGinness, Mr. and Mrs. Frank Schweikhardt, Mr. and Mrs. John Dick, Mr. and Mrs. W. D. Walker and son, Mr. and Mrs. John Erickson and daughter, Ruth, Mr. and Mrs. Mounts and daughter, Iva, Mr. and Mrs. John Gallagher and sons, Mr. and Mrs. Fred Schulte, Mrs. Dale Partridge, Miss Beulah Mounts, Miss Bernice McGinness, Thomas Young, Dewey Mounts, Robert McGinness, Louis, Roy and Fred Schulte, Harold Erickson, Will Knobbs and Carlon Hightshoe.

For Newly Weds.

The first brilliant event of the fall social season was a delightful party given last night by Dr. and Mrs. John Charles Allender, when they entertained seventy-five friends at the Allender home, on South Fillmore street, who were bidden to meet their son and his bride, Dr. and Mrs. Roland Baxter Allender of Boone, Ia. The invitations were also issued in compliment to Dr. and Mrs. Lafe Carl Allender of Atlantic, Ia., who were unable to make their visit to this city as planned. In the receiving line with the hosts and honored guests was Mrs. R. C. Campbell of Fort Scott, Kan., a sister of Mrs. J. C. Allender, who is their house guest, and who shared the social honors of the evening. The home was given added attractiveness by a profusion of garden flowers used in decorating. After the euchre games the small tables were arranged for luncheon. White was used in every detail of appointments and in the three-course menu served. The assisting friends were Mrs. William Wallis, Jr., Mrs. J. C. Denham and Miss Alice Porter. The game prizes were won by Miss Dorothy Pierce and Mr. Roland Allender, and the guest favor by Mrs. William Johnston. Among the out-of-town friends present were Mrs. R. C. Campbell, Mrs. William Johnston of Seattle, Wash., who is visiting the Bellows families, and Mrs. Wray Dudley of Pittsburg, Pa., who is visiting her parents, Mr. and Mrs. John Wesley Herren. Dr. Allender and his bride were married a few weeks ago at Keota, Ia., and have been spending their honeymoon at various places of interest in the west. They came to Maryville Tuesday night and visited until today, when they left for their home at Boone, Ia., where a newly furnished cottage is ready for their occupancy. The bride is a charming young woman, who has been warmly welcomed into the friendship of all the Allender circle of acquaintances in this city.

"Vaporize" Croup or Cold Troubles

Vapor treatments for cold troubles are better than internal medicines, as the vapors carry the medication direct to the lungs and air passages without disturbing the stomach.

When Vick's "Vap-O-Rub" Salve is applied over the throat and chest, these vapors, released by the heat of the body, are inhaled with each breath. 25c. to $1.00.

BELGIUM STILL PLEADS.

Situation and Need Acute as Ever, Says Relief Commission.

If the American people believe their work in Belgium is over, or even partially over, they will do well as soon as possible to relieve their minds of that impression, says the "New York Press" of September 7. Not only are there 7,000,000 Belgian mouths and 2,000,000 French ones in the "occupied zone" into which nothing enters save what is provided by America, but the situation in some ways presents more serious aspects than it did this time last year.

Perhaps the most arduous part because, although the first enthusiastic wave of sympathy for the stricken country, which made the collection of donations little more than the sending of acknowledgements, has had a year to lose its original ardor, the task is just as big as ever.

Sixty thousand tons of food have to be sent every month, and over 1,500,000 people fed who have no means to pay anything. This means a minimum of $3,000,000 a month to be raised, and it is not expected the Commission's present funds can last much longer without substantial replenishment.

The people of Belgium who are able to pay for food, of course, have not been receiving gratis their supplies from the Commission. There are about 5,500,000 of these. As there is little other food for sale in Belgium, they have to buy their supplies from the Commission. They each have had to procure a ticket, entitling them to buy only a certain amount—precisely the same as that given to those who have no money

UNCLE SAM TO HIRE NO WIVES.

Only Single Women May Work in the Postoffice Department After October 2.

From the Philadelphia North American

Any married woman who has sawed off diplomatic relations with friend husband and is making her own way in the world will have to get a divorce if she seeks a position in the Postoffice Department.

A divorced or widowed woman may work in the postoffice if she fills other necessary requirements. A married woman, even if she merely has a wild ambition to help her husband multiply the bank account, will have to use her talents elsewhere. Nothing doing for her, according to a decision of Uncle Samuel.

Announcement of a competitive examination for October 2 by the United States civil service officials disclosed the fact that a recent order of the Postoffice Department bars from these examinations women who may be separated from their husbands and who have to earn their own living.

Married women have been eliminated for a long time, but heretofore an exception has been made in the case of women, who were married but not working at the matrimonial counter. The new order is strict. Any grass widow must first get a divorce if she wants to work in the postoffice.

To Return from Kansas City.

Mrs. George Robert Eaton will return tonight from a visit of several days with friends in Kansas City.

Save your cattle by using Blackleg-oids—Koch Pharmacy.

Beginning at 1 p. m. Sixty-five head, consisting of Boars and Gilts, will be sold. One of the best offerings ever sold in Northwest Missouri. Catalogs are now ready to mail out. Apply for one to

J. H. HARVEY, Maryville, Missouri

Auctioneers—C. C. Evans, North English, Iowa; T. E. Deem, Cameron, Missouri; J. R. Evans, Maryville, Missouri. E. E. Williams—Clerk.

Purchases Clyde Residence.

Julius Ellerman of Clyde has recently purchased the residence property of A. Schaff in Clyde. Mr. Ellerman owns a large farm just north of Clyde, and will not move from there for the present.

Visiting at Quitman.

Mr. and Mrs. John Gill of Stillwater, Okla., and John Piker of El Paso, Texas, are guests at the home of Mr. and Mrs. Clark Roney of Quitman.

Card of Thanks.

We wish in this way to express our heartfelt thanks to the neighbors and friends who so kindly assisted us in our bereavement and for the beautiful flowers and loving words of sympathy, also to the W. R. C. for their help and kindness.—Alfred Glatfelter and Children.

Leslie Lanning of Pickering spent yesterday in Maryville visiting his sister, Miss Myrtle Lanning.

To Move to Montana.

Mr. and Mrs. H. M. Campbell expect to leave the first of next week for Carlysle, Mont., to make their home.

Mrs. A. J. Hoyt of Quitman has returned to her home after a short visit with her son, Bert Hoyt, living near Burlington Junction.

Russell Young of Quitman spent today at Skidmore looking after some business interests.

Put The Nodaway County Market In The Palm of Your Hand.

If you have goods of real merit, for which there is a reasonable utility you should be educating the buyers of Nodaway county to come after these goods,

Day after day The Democrat-Forum offers you the opportunity of reaching these people; for day after day with steadily increasing circulation, The Democrat-Forum goes out to these prosperous people of Nodaway County.

Day after day others are using The Democrat-Forum to reach this market.

Your goods can be marketed through the same source, if your advertising is intelligently and consistently applied.

Better begin to use this service of The Democrat-Forum at once. Every Day of Waiting Is a Day of Waste.

FROZE HER SKIN WHITE.

Doctor Recounts Effect of Ether on Colored Woman.

Chicago.—Dr. J. W. King of Bradford, Pa., told a number of his colleagues at a meeting how he turned a negress' skin white as the result of an accident. He treated a colored woman for lumbago by freezing one leg from the hip down to the ankle with ether.

"After a week or so," said Dr. King, "she returned to my office and said:

"'Doctor, the lumbago is gone, but I think I shall have to prosecute you for mistreatment. You've done more than you said you would.'

"The leg I had treated was perfectly white and is so to this day."

Some of the doctors present agreed that ether freezing has been known to remove the pigments in the skin, but they say Dr. King's case is unusual.

NINETY-TWO; RECHRISTENED.

Many Tail Feathers Is Grows New Teeth After Dentist's Visit.

San Francisco.—Chief Many Tail Feathers, ninety-two years of age and prominent in the Indian colony of the Great Northern railway's exhibit at the exposition, possesses a single tooth, gnarled and battered by many years' service.

"The white brother may have his teeth replaced, why not the Indian, to whom the great father in Washington promises all things that are good?" pondered the aged chief.

Many Tail Feathers conferred with Chief Bull Calf, and now that Many Tail Feathers has been measured up for a new set of pearlies his tribe has rechristened him "Grows New Teeth."

IS OLDEST MESSENGER "BOY"

Snowy Haired Uncle John Speeds With Telegrams at Eighty-four.

Luling, Tex.—J. E. Palmer of this city probably enjoys the distinction of being the oldest messenger "boy" in the world. At the age of eighty-four he works for the Western Union from 8 a. m. until 6 p. m., delivering messages from one end of the city to the other.

Palmer was born in Flemingsburg, Ky., Jan. 29, 1832, and fought all through the civil war. Uncle John, as he is better known, came to Caldwell county in 1886. He is snowy haired and slightly bent.

U. S. SUBMARINES ARE BUILT THE STRONGEST

Our Undersea Craft Beat Those of Other Nations.

Washington.—Whatever else may be said of the submarine torpedo boats of the United States, naval experts familiar with this type of craft are confident that the underwater boats of no other nation are built on stronger lines. In fact, naval officers say that none of the great world powers requires the construction of submarines to resist anything like the great water pressure that is required of American submarines.

Submarines built for the American navy must have hull strength sufficient to resist the pressure of the ocean at a depth of 300 feet. Before these delicate craft are accepted they must have withstood pressure at a depth around 210 feet, which is deemed sufficient, but must be strong enough to go much lower. British and German submarines are not required to stand pressure at 300 feet, the requirement usually running around 200 feet. German submarines, as a rule, are tested at a depth around 150 feet and those of the British navy sometimes at a greater depth.

Of all submarine defects those affecting the propelling engines have been most numerous and bothersome. The development of this type of engine has been very gradual. Until very recently, however, engine trouble has been of common occurrence in submarines, and the work of construction has been delayed more by engine defects probably than from all other defects combined.

For example, while the contracts for submarines usually call for delivery within two years, it has been understood at all times that the vessels could not be completed and delivered in that time, and the reason given always has been the engines. It is believed, however, that the submarine engines have been so far perfected that from now on delivery of the boats may be confidently expected within the contract period. Naval experts concede that Germany may have a superior submarine engine.

While deeply regretting the loss of the F-4, with its crew of twenty-two men, naval officers take pride in the fact that that was the only fatal accident to an American submarine, while similar accidents have happened to the submarines of the big European nations on more than one occasion.

But submarine cruising is hazardous at best. The structure of a submarine is necessarily delicate. Any one of many things might be responsible for wrecking an underwater boat.

Cow Prefers Pear Diet.

Hood River, Ore.—E. Reeve Claxton, an orchardist on the west side, has a cow that has been expensive to keep this summer. Mr. Claxton figures that the cost of the cow's feed, including fifty boxes of d'Anjou pears, has been about $112.50.

MOVIE TRUST DISSOLVED

Federal Court in Philadelphia Hands Down Unfavorable Decision, —Profits Too High.

Special to The Democrat-Forum.

Philadelphia, Oct. 1.—Judge Dickerson, in the district court, handed down an opinion in favor of the government in the suit under the Sherman anti-trust law to bring about dissolution of the so-called motion picture trust.

The trust was held to be a menace to trade, and the opinion was against Motion Picture Patents company. Twenty other corporations and eleven individuals are charged with making astounding profits by monopolizing business and thrusting competitors out of the way.

The companies will probably appeal.

"SHOW-ME-SELF" DAY OCT. 4

First Monday in October Named by Legislature as Missouri Day, a State Holiday.

Missouri is famous the world over as the "Show me" state. It is becoming well known as the "Show 'em" commonwealth. But it remains for us this year to institute what the Irishman called a "Show me-self" feeling among Missourians.

Prophets, it is said, often are without honor in their own countries; but it is a poor states that is not respected within its own confines. In proof of some such sentiment as this and to popularize at home the "Show-Me" spirit, Missourians this year are to celebrate Missouri Day, a new state holiday, the first Monday in October, which falls this time on October 4.

The first Monday in October has been designated as Missouri Day, a bill to that effect having been passed by the General Assembly and signed by Governor Elliott W. Major, March 22, 1915.

The bill proposes that the people of Missouri—the educational, commercial, political, civic, religious and fraternal organizations—be requested to devote some part of the day to the consideration of the products of the mine, field and forest of the state and to the achievements of Missourians in commerce, literature, statesmanship art, science and all other lines of activity in which the state has rendered service.

In view of the honors won by Missouri at the Panama-Pacific Exposition—fifty-two prizes having been received—Missouri should have a good reason for celebration this year.

TO ASSIST IN CONCERT.

Maryville Musicians Drive to Skidmore to Help in E. L. Entertainment.

The Rev. G. S. Cox, pastor of the First Methodist church; Prof. P. O. Landon, Mr. and Mrs. Charles Moore, Mrs. Rolla Alexander, Mr. and Mrs. Harry Mutz, Miss Ada Clayton, Miss Nellie Wray, Miss Dale Hulet, John Mutz and George Herren will drive to Skidmore in the Cox, Moore and Herren cars, to assist in a musicale to be given there tonight under the auspices of the Epworth League of the Methodist church.

Save your cattle by using Blacklegoids—Koch Pharmacy.

Russians Won't Believe Kovno Fell.

Special to The Democrat-Forum.

Berlin, Oct. 1.—When the Russian prisoners in the camp at Doeberitz were informed of the capture of the fortress of Kovno by the Germans, they all refused to believe the news. "It is a lie," an old captain of the reserve declared: "This stronghold can never be taken, because a Russian proverb says: 'If Kovno falls pigs can go to heaven.'"

Use Blacklegoids and save your cattle—Koch Pharmacy.

To Live in St. Joseph.

Mr. and Mrs. Guy Young of Escanaba, Mich., who have been spending the past two months in Maryville with Mr. Young's parents, Mr. and Mrs. R. Young of East Third street, have gone to St. Joseph to make their home. Mr. Young's sister, Miss Ruth Young, accompanied them for a visit of several weeks.

We are agents for the Hatch one-button union suits for men. Most practical underwear made. M. Nusbaum. 30-2

Hainey at Barnard Sells Out.

P. J. Hainey of Barnard, who has been in the real estate business there for twenty years, sold out Monday to L. E. Campbell, who took possession at once, according to the Barnard Bulletin. Mr. Hainey's eyesight is failing so that he had to quit.

KIRKSVILLE BOYS FIRE BACK

Following Ban On Tobacco by Girls, High School Lads Renounce Users of Paints and Powder.

A city famous for old maids and old bachelors will be the lot of Kirksville in a few years if affairs are not straightened out and an understanding reached. The following from the Kirksville Express tells the story:

Seventy-four boys at the Kirksville high school—and they claim there will be a hundred of them by night—who think that they have as much right to set up rules as the girls, and that it is a poor rule that will not work both ways, have signed a pledge that they will not keep company with girls who powder, paint, or wear hair rats or chew gum.

The ultimatum is worded in the following solemn phrases:

"We, the undersigned, do solemnly swear not to keep company with young ladies who wear powder, paint, hair rats, or who chew gum."

Practically all the boys of the high school who have had the document presented to them have signed and feel that if the girls are going to reform them by legislating against cigarettes they will urge a reformation themselves.

The action on the part of the boys was precipitated by a document signed by the girls stating they would not associate with men or boys who smoked cigarettes. This was signed by 152 girls and young women.

CHEERS FOR CHAMP

MAJOR AND OTHERS ALSO POPULAR AT ST. JOSEPH.

REED'S GREAT SPEECH

Junior United States Senator at His Best—Fifty-Five Here Went This Morning.

The shades of Jefferson and Jackson are probably hovering over St. Joseph today. If they are not, it is not because they are not being invoked many times. Special trains ran into the city from all directions carrying Democrats—former officials, officials and those who would like to be.

Fifty-five tickets were sold here to St. Joseph on the morning Burlington today. At least as many more are planning to go this afternoon who could not afford to leave their business all day. The Fourth Regiment band went along to let everyone know that Maryville was alive and appreciated the selection of a citizen, W. A. Blagg, as chairman of the day.

Among the speakers of prominence was United States Senator James A. Reed of Kansas City, whose speech in part follows:

The Democratic party has been in power thirty months. In that short period of time it has demonstrated a capacity to meet and solve the most difficult domestic and foreign problems ever confronting a national administration.

Refusing alike the proposals of radicals who have advocated a revolution in law and the destruction of constitutional safeguards, and the demands of reactionaries who have contended against all remedial legislation, the Democratic party has pursued a plan of progress characterized by a careful and just regard for the rights of all the American people. It has not hesitated to attack an evil because of its antiquity. Neither has it accepted or repudiated a doctrine only because it was new. It has applied the test of sound reason and logic to every situation.

Banking and Currency Reform.

A banking and currency system which for fifty years compelled or induced the congestion of the moneys of the country in New York City was supplanted by a new system. The new banking law transferred the seat of financial authority from the private bankers of Wall street to the public officials at Washington and mobilized the bank reserves in great regional banks which are subjected to governmental inspection and control.

Labor Laws for the Laborer.

Against certain great evils, labor had long cried out in vain. The Democratic party passed a law which gave to all persons charged with violations of an injunction the right to a trial by a jury of their peers.

It declared that labor should no longer be regarded as an article of commerce.

It safeguarded the privilege of peaceable assemblies by expressly stipulating that citizens should have the right to organize themselves into agricultural and labor societies without denial and without interference.

International Obligations.

Incomparably more important than domestic policies are difficulties arising from our foreign relations. Here we reach a plane elevated far above partisan differences or party alignments. Upon this high ground patriotism must rise superior to party advantage.

It has been fittingly said: "Party politics must cease at the borders of our country."

There are differences of opinion oftentimes as to the best course of action. Among patriots there can be no differences regarding the fundamental principle, which is that the interests of America are paramount to those of any and all other countries—"America first." He is a poor patriot who subordinates in any degree the course of this country to that of any other nation.

War's Effect On United States.

Divided as we are by a wide stretch of ocean, we are nevertheless closely and intimately united with all the affairs of Europe. Our international commerce is beyond calculation. Upon its maintenance depends in a great measure the prosperity and happiness of the American people. If our foreign trade were to be suddenly and permanently stopped, the result would be so appalling as to stagger the human imagitation. Much trade, like that of cotton, was almost ruined.

In the face of these unparalleled conditions, our financial institutions stood like the rock of Gibralter. That fact all candid men must admit was due principally to the wise amendments the Democratic party had made to the financial and banking laws.

Diplomatic Controversies.

It should not be forgotten that an unprecedented war means unprecedented conditions. Great nations engaged in a life and death struggle are likely to have little regard for rules of war, or for the rights of neutrals when their own interests are vitally concerned. War dethrones reason. Every passion of the belligerents was naturally inflamed. Those principles of justice and equity which, under normal conditions, would have been unhesitatingly admitted, were obscured or obliterated by the anger and stress of the hour.

How fortunate it was that at such a time the chief magistrate of this land should have been at once a lover of peace, and a lover of his country. How fortunate that Woodrow Wilson possessed the highest courage, and also the highest patience. How happy for America that her president appreciated the glories of peace, but also understood the inestimable value of national honor. With what satisfaction we should contemplate the fact that the man at the helm could steer a middle course between the two extremes of opinion, and thus compel a just recognition of our rights, preserve untarnished our intenational credit, and at the same time retain the good opinion and friendly regard of all the world.

The task was titanic; its accomplishment has been majestic. The president's policies have been as great as our country. Out of the turmoil America has thus far come acquitted with honor. Is it not time that the voice of the carper and the critic should cease.

The Misses Tate Return.

The Misses Jeanette and Julia Tate returned at noon today from a visit at Fort Stockton, Texas, where they were the guests of Mr. and Mrs. Ike Thomas Pryor.

One of Big Speakers at Saint Joseph

U. S. SENATOR JAMES A. REED.

CHAMP GREATEST MISSOURIAN

Named by Governor Major, Adding More Glory to Speaker's Ovation Today.

Special to The Democrat-Forum.

Sedalia, Mo., Oct. 1.—Champ Clark, speaker of the national house of representatives, was named as the greatest living Missourian by Governor Major in an address here today. The selection was made by the governor in accordance with a request from the officials of the Panama-Pacific exposition. Just before his address the governor sent telegrams to Mr. Clark and to Charles Moore, president of the exposition, announcing his choice. To Mr. Clark at St. Joseph he wired:

"The Panama-Pacific International exposition has requested me, as chief executive of the state, to name the greatest living Missourian. It gives me pleasure to advise that I have this day named you as the greatest living Missourian. I, perhaps, know you personally, and your character and life work, better than any other man in public life. You merit this tribute by reason of your achievements, the splendid service you have rendered both state and nation and the honors and distinctions bestowed upon you by an appreciative people."

COUNCIL MEETING TONIGHT

But It Will Adjourn Until Tomorrow Night Immediately Because Several Members Are in St. Joe

Having called the city council to order, Mayor U. S. Wright will immediately adjourn it until tomorrow night. Several members are in St. Joseph and the mayor doesn't want to take advantage of them in their absence.

The board of public works met last night and "O. K'd." a batch of bills. They will hold an adjourned meeting tomorrow morning at 9 o'clock. The gas meters are being read today.

WAS IN WABASH WRECK

Roy Collins Received Bruised Finger When Cars Overturned Near Wellsville, Mo.

Roy Collins was slightly injured in the wreck on the Wabash about 12 o'clock last night near Wellsville, Mo. He sustained a cut and bruise on one of his fingers. Mr. and Mrs. Joseph Reese of this city, were also on the same train but were not injured. They were returning from St. Louis where they have been attending the Grand Lodge meeting, representing the Maryville lodges.

Three Pullmans on the train went off of the track. It is thought that it was due to a defective rail. Five were slightly injured. The train which is due here at six o'clock did not arrive until nearly 10:30 o'clock this morning.

Both of the night trains on the Wabash last night were also late. No. 50 passenger, due here at 8:47 p. m., did not arrive until midnight, the engine breaking down at Elmo. The passenger train No. 14 also had angine troubles at Coin, Ia., and arrived here about 2 o'clock this morning, about four hours late.

A. J. Hoyt of Quitman spent yesterday in Maryville on business.

CLOSE YEAR'S WORK

METHODISTS OF COUNTY HAVE HAD MUCH SUCCESS.

LAYMEN GO TO CAMERON

Most of Preachers Are Expected to Be Returned—Nodaway Rural Churches Prosper.

The Nodaway county Methodist churches have had the best year of their history. That is the sentiment with which the eleven pastors of this county will board the train for Cameron Tuesday morning to attend the annual conference of the church.

The Rev. G. S. Cox, pastor of the church in Maryville, goes with a unanimous resolution of the quarterly conference of the church asking for his return. Sunday he expects to give a summary of the year's work. This is the close of Mr. Cox's third year.

The Rev. C. H. Sauceman of Skidmore is closing up his sixth year's work. In that time he has built up the whole work and his church at Burr Oak is probably the finest material plant among the country churches of the county. In length of stay he leads the county by three years, Rev. Cox taking second to him. But in the Maryville district one other man has a longer record. Rev. E. L. Robinson has been at Westboro eight years. Mr. Sauceman was asked back for the seventh year by his last quarterly conference and will probably return.

A change is assured in only one charge in the county, Burlington Junction. The Rev. T. C. Middleton has announced that he will retire from the active ministry. He has been there one year. No hint as to his successor has been made.

The Rev. J. L. Bilby finished his second year at Barnard. The growth of his Sunday school and the success of his Bible class have been the distinctive features of his work. He will probably return.

The Rev. S. P. Stillman has attracted attention to his work on the Pickering charge chiefly by the development of the Myrtle Tree church. A new basement has been put under the charge and the whole plant was made more adaptable to community center work and social purposes. It is the pastor's second year in Pickering.

Graham has been supplied this year by Rev. G. C. Wadding, who came to the work from a charge in Oklahoma. He will present his credentials and letters of recommendation from the Oklahoma conference to the Missouri conference next week, and be received into full connection.

The other pastors of the county and their length of service are: Rev. N. E. Bottom, Clearmont, two years; Rev. Frank Smutz, Elmo, one year; Rev. H. McNamee, Hopkins, two years; Rev. W. E. Tinney, Parnell, two years; Rev. D. L. Burger, Quitman, two years.

The sessions of the conference which will open in Cameron next Tuesday night will be of particular interest because they are the last before the meeting of the general conference of the church, which will be held at Saratoga Springs, N. Y., next May.

The action of the general conference is determined largely by the recommendations which are sent up by the state conferences. Delegates are to be elected at Cameron and the recommendations of the Missouri conference with reference to removing the time limit from the district superintendent or placing it upon the pastors again, will be discussed.

Another matter of great importance will be federation with the M. E. church, South. The general conferences of the churches appointed commissions to draw up articles of federation four years ago. The general conference of the southern church, meeting in Oklahoma City last summer, adopted the recommendations of the joint commission. If the general conference at Saratoga Springs also accedes, the union of the two great branches of Methodism will be practically assured.

The lay delegates who will attend from the various charges in Nodaway county are F. H. Badger, Barnard; R. D. Corken, Burlington Junction; Colin Johnson, Clearmont; A. W. Nelson, Elmo; E. A. Miller, Hopkins; H. C. Bower, Maryville; J. W. Kennedy, Parnell; Ernest Wray, Pickering; J. O. Charles, Quitman, and J. G. Hayes, Skidmore.

Here from Oklahoma City.

Sister Mary Martinia of Oklahoma City, Okla., came to Maryville yesterday to visit her sister, Mrs. John Shonley, and she will also visit another sister, Miss Nora Ellerman of Clyde.

FRANCE MARCHES ON

VICTORY STILL WITH TRI-COLOR IN SPITE OF ODDS.

PRUSSIAN GUARD THERE

Finest of German Army Being Used in Effort to Stop the French Drive.

Special to The Democrat-Forum.

Paris, Oct. 1.—Statements show the French, who are bearing the brunt of the fight, continue to make gains toward Vimy, attacking the German trenches with grenades. All German attacks have been repulsed, the aviators are playing a big part in the operations and continually flying over the enemy and finding the weak spots for attacks.

Paris, Oct. 1.—German counter attacks were launched last night in Champagne and Artois to try to regain positions that were captured by the allies. This answers the question everybody has been asking: "Would the allies be able to hold captured positions against German counter attacks?"

The statement from the war office shows fighting now in the seventh day progressing under the finest troops, including Prussian guard.

The Germans' counter attacks have been increasing in fury all along the front, especially north of Loos, where veterans from the Russian front participated in violent artillery duels around Yephes.

The British warships are continuing to bombard the coast while the Germans are concentrating their fire on the French line, which is driving into St. Marie.

HERE'S THE H. S. LINE-UP

Base Ball Team is Playing First Game With Pickering This Afternoon. May Make Shifts.

The line-up of the Maryville high school team which was elected by Paul Becker, director of athletics, from the three teams, Pirates, Braves and Tigers in practice yesterday is: Egley, c; Van Cleve and Hagins, pitchers; Tilson, 1st; Lewis, 2d; Fleming and Frank, ss; Woodard, 3rd; Yehle, lf; Harris, c; Selecman and Hughes, rf.

This team will meet the Pickering high school team this afternoon at 4 o'clock in the first baseball game of the school year with another school. Some changes in the line-up may be made during the game other than those chosen last night, Mr Becker says

FIRST INDOOR CONCERT SUN.

No Cessation of Weekly Programs Because of Cold Weather—Program Starts at 3:30, Oct. 3.

Maryville is one of those rare but fortunate towns where the weekly band concerts do not cease when the cold, cold breezes blow. It was only a week ago last night that we enjoyed our last outdoor program.

And now, day after tomorrow, comes the first of the weekly band concerts on Sunday afternoon at the Empire theater, beginning at 3:30 o'clock. Prof. T .B. Maulding promises that we are to be specially favored this winter with high class programs.

Those who have subscribed for the concerts will be given tickets. For the others a nominal charge of 5 and 10 cents—just enough to pay for light, heat and rent, also for music. The opening program next Sunday afternoon, October 3:

March, "The Panama Exposition," Lake.

Overture, "Barber of Seville," Rossini.

Medley two-step, "When I Leave the World Behind," Schulz.

Cornet solo, "I'll Return, Mother Darling, to You," Colby—T. B. Maulding.

"Shadowland," Gilbert.

Medley march, "In the Hills of Old Kentucky," Alford.

Trombone solo, "When It's Spring Time in Virginia," O'Hare—Loyd Miles.

One-step march, "Everybody Rag With Me," McCabe.

Mr. and Mrs. H. C. Dean of Quitman have returned from a month's visit with relatives at places in Iowa, Nebraska and Missouri.

BULGARIA CAUGHT ON HORNS

Dilemma Has Balkan Nations Nonplussed—Powers May Ask Dispersing of Soldiers.

Special to The Democrat-Forum.

London, Oct. 1.—Bulgaria will be forced to disarm or define her position, according to advices received from the continent. Germany and the allies are both pressing Bulgaria for final action, but neither have issued an ultimatum. The allies are working through Greece, and it is proposed that both Greece and Bulgaria recall mobilization, thus averting danger of war.

Germany, it is reported, has offered Bulgaria additional territory if she will enter the war.

BAPTISTS ARE READY

EVERYTHING COMPLETE FOR RALLY DAY, SUNDAY, OCTOBER 3.

WILL NAME EVANGELIST

Rev. J. H. Dew Cannot Come for January Revival—Reception Group Organized for Sunday School.

All the Baptists in Maryville are on their marks and getting set, in the language of a track team, and a big day is assuredly expected next Saturday (if it doesn't rain). This if is said to have been suggested by many members of the Christian church.

The machinery is all oiled. The social arrangements have been completed with the visiting in the fourth ward this afternoon, and the pastor, the Rev. L. M. Hale, believes that not more than a half dozen members have been missed in the visiting.

The last committee is being "rounded up" today by Clyde Avitt and Mrs. William Everhart. It is the group which will meet the members at the door at Sunday school with a cheery smile and a hearty handshake. The members are L. C. Gann, Clyde Bliss, B. W. Lemon, C. C. Suckow, James Smith, John Davis, James Markwell, David Ferris, John Kelley, Pearl Edwards, Miss Mabel Hunt, Mrs. Eugene Ogden, Mrs. Edward McDonald, Mrs. Robert Jones, Miss Dorothy McDonald, Mrs. Alexander Frazer, Mrs. Eiseman, Mrs. May Clark Denny and Mrs. Martin Borrusch.

One of the principal discussions of the day will be the selection of a man for the annual revival which will start the first Sunday in January. The Rev. J. H. Dew, D. D., of Ridge Crest, S. C., has asked to be excused from his contract as all his other appointments are in the south this winter.

Sunday school, with an attendance of 500, preaching services, a basket dinner, a business meeting and a praise service in the afternoon is the program for the day. No night service will be held.

RAIN FALL FOR MONTH 6.47

September's Temperature Extremes Were 91 On 8th and 38 on the 21st.

The total precipitation for the month just passed was 6.47, but it was not the wettest September in Maryville since records have been kept by almost two inches. The flowing records were given by J. R. Brink.

In 1908, 8.05 inches of rain fell in September. The minimum for the month was in 1895, when only a quarter of an inch fell. The highest temperature recorded in that month was 105, on September 4, 1913. September 18, 1901, and September 29, 1908, each recorded 30 degrees above zero.

The maximum temperature for last month was 91, on the 8th, and the minimum was 38, on the 21st.

To Visit in Nebraska.

Mr. and Mrs. R. E. Thomas have gone to Parks, Neb., where they will visit a few days. Mr. Thomas will visit other points in Nebraska before returning home.

Guests at Swinford Home.

Mr. and Mrs. Andrew Jensen and daughter, Emma, of Bedison spent yesterday in Maryville, the guest of Mr. and Mrs. G. W. Swinford.

STORM DEATHS 132

PROPERTY LOSS ON LOWER MISSISSIPPI $5,000,000.

ARE MAROONED IN TREES

Many Suffering From Hunger While Rescue Parties Search—500 Injured, 1,000 Missing.

Special to The Democrat-Forum.

Memphis, Tenn., Oct. 1.—Railroad officials here estimate the number of dead due to the storm which swept up the Mississippi valley yesterday as 132 and the injured at 500. Fifty-four dead have been reported from New Orleans.

Seven hundred are missing, and it is probable that the number o fdeaths will be much greater. The property damage is now placed at $5,000,000. Appeals for help have come from many places and many rescue parties are being sent out.

The most pitiable conditions are reported along the Pearl river, near Jackson, where fifty-one are reported dead. Hundreds of families are marooned in trees on account of the high water. Six hundred are missing in this valley alone, but it is believed that most of them can be accounted for.

Forty are reported dead at Ferriner and four at Gulfport. All food has been destroyed in some places and hunger is becoming a problem with many of the refugees.

The only wireless in New Orleans which was not put out of commission was one aboard the steamer Excelsior. Many are reported blown overboard on boats. The maximum speed of the wind was 132 miles an hour. All telephones and wire service were made useless for a week.

All railroads along the lower Mississippi have given up their attempt at service. Street car service was not considered feasible today on account of the debris in the streets.

ROAD BONDS LOST AGAIN

Monroe Township Lacked 21 of a Two-Thirds This Time, Being 195 to 133.

Monroe township advocates of $25,000 roads bond issue fell 21 short of the necessary two-thirds yesterday, when the vote was 195 to 133. To have carried the vote had to be 218 for. This makes the third defeat for the bond issue in that township.

PAGE FITE WON APPEAL.

Jury Finds Him Not Guilty of Assault Upon J. W. Hudgens.

Page Fite won a case of assault in circuit court yesterday for which he was convicted in the police court of Maryville last March and fined $5. He was charged with an assault upon J. W. Hudgens January 11, 1915.

The evidence in which Fite told the story of the trouble caused much merriment in the court room. Counsel for Hudgens tried to bring out that Hudgens had been a witness against Fite in Omaha and that the defendant had malice against him for that reason.

Fite denied this and told a semi-humorous story of a mix-up with boxing gloves and other athletic paraphernalia. The jury which found him not guilty, was: J. R. Turner, chairman; A. C. Dredge, Jake Moore, Eli McAtee, W. V. Smith, Charles Bloom, J. D. Elliott, C. A. McCoppin, H. E. Bradley, M. J. Dougan, Chester Frazee and Hugh Strong.

Mt. Tabor Dedication Tomorrow.

The dedication of the new Mt. Tabor school house, which had to be postponed last week, will be held tomorrow unless more bad weather prevents. A basket dinner will be given and several county officers will speak.

THE WEATHER

Generally fair tonight; Saturday warmer.

Announcement.

We are authorized to announce Robert I. Young of Buchanan county, as a Democratic candidate for Congress from the Fourth district subject to the primary election to be held August 8, 1916.

Those persistent rumors of peace are only another good example of the wish being father to the thought.

"Old it ain all last week." a street wag was asked yesterday. "No," he answered, "Let's see. There was a couple of hours Tuesday when it lightened up a little."

This is the season when no one reminds us that we should take a swat at the fly and so almost unmolested they fatten up and laid some 'steen billion winter eggs. "Swat for the winter's coming" should be the refrain of a popular autumn song.

Nothing but evil could come from these sport shirts. The teachers, school board, and now the civil courts in a New Jersey town are all torn up because a man insists that his two boys have as much right to wear sport shirts to school as the girls have low necks and short sleeves.

'FRISCO FAIR HONORS MISSOURIAN

T. E. Quisenberry, Director of Poultry Station, Promoted to Assistant Chief.

Special to The Democrat-Forum.

San Francisco, Oct. 1.—T. E. Quisenberry, head of the Missouri Poultry Experiment Station at Mountain Grove, Mo., has been made assistant chief of the division of live stock at the Panama-Pacific Exposition. Mr. Quisenberry came here as superintendent of the poultry exhibit at the big fair.

Go with the Santa Fe farmer's Special

Spend two weeks in seeing California in connection with your visit to the two Expositions.

This tour is especially for rural folks and others interested. I want you to see the San Joaquin Valley and talk to the people about the greater production per acre, the balmy, healthful climate, the year-round growing season. You will be the **guests of many communities** in Southern California and San Joaquin Valley. You will be **taken on auto trips** to see their farms, orchards and homes. We have no land to sell. We just want you to see and know California.

Let me tell you at what **small cost** this trip will be made. We will live on our own special cars most of the time, so saving hotel bills. Go with us on the Santa Fe, stop a day at Grand Canyon and return Santa Fe or any direct route.

This party will **leave Chicago October 14,** reach San Francisco about October 30, and return from there at your pleasure up to December 31. You'll see rural California — as you could see it in no other way. You'll see the two great world expositions. Also you'll see the Grand Canyon of Arizona.

Make reservations promptly, to insure getting space wanted — the time is short.

Write me to-day for itinerary, particulars and rates.

GIRLS! GIRLS! TRY IT! STOP DANDRUFF AND BEAUTIFY YOUR HAIR

Hair Stops Falling Out and Gets Thick, Wavy, Strong and Beautiful.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25-cent bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it.

DO YOUR HENS LAY?

If Not, Use Sour Milk, Beef Scrap, or Green Cut Bone and Gather More Eggs.

"Milk or meat in the ration may make all the difference between profit and loss," declares H. L. Kempster, professor of Poultry Husbandry of the College of Agriculture. "We know from our tests at the Experiment Station and from the experience of poultrymen everywhere. We got only 945 eggs from a pen of hens that ate no animal food, while another pen of hens no better in any way, but fed sour milk, laid 1,783. Those fed beef scrap laid 1,802 eggs. While this is a higher record than either of the others, the sour milk is so much cheaper and easier to get on most farms that we recommend it most highly. At 20 cents a dozen, the eggs from the hens fed sour milk brought $29.71 and those from the hens fed beef scrap, $30.03. The difference wouldn't begin to pay for the extra cost and trouble of beef scrap. The big thing to remember is that the hens fed no animal food brought little more than half as much egg money. Theory and experience both say 'Feed the laying hen sour milk as part of her ration.'"

Lettuce.
Peach Ice Cream.
Small Coffee or Iced Tea.

A Few Jellies.

BAR-LE-DUC Currant Jelly.—Clean and pick over ripe currants, detaching the stems. To each pound of fruit allow a pound of granulated sugar. Pour the sugar on the currants, set in a cool place and let them stand overnight. Next morning turn the berries carefully into a colander so as not to break them and let the juice drip from them. If the mixture is too thick to let the juice flow freely, add a little water. Put the sirup over the fire and cook steadily for half an hour. Drop in the currants and cook slowly for fifteen minutes. Put up in jelly glasses or small jars. This is nearly as good as the imported bar-le-duc and is better at the end of a few months than when first made.

Crabapple Jelly.—Wash stems and cut in halves one peck crabapples. Put in kettle with just enough water to keep from burning and cook until soft. Strain, but do not squeeze. Measure the juice and boil twenty minutes, then add same amount of warmed sugar and strained juice of four lemons. Boil till it jellies on spoon. Makes twelve small tumblers.

Cherry Jam.—Wipe the fruit and remove the stones. Put in a pan a pint of red currant juice and three pounds of preserving sugar and boil fast for five minutes. Add four pounds of cherries (weighed after stoning) and boil gently, stirring frequently and skimming it well, till the fruit is perfectly tender and the sirup will jelly when put to cool.

Preserved Quinces.—Wash, pare and core the quinces, weigh and allow equal weight of sugar. Cover fruit with cold water, cover kettle and cook slowly till tender; then put in the sugar and cook slowly till as thick and dark as you want it. It takes quite awhile to cook. Can hot, as usual. Cover parings and cores with cold water and cook until soft, let drip and cook with equal measures of sugar to make jelly or add pared and cored sweet apples to make sauce.

Anna Thompson.

WOOLWORTH PAYS BILL.

Cancels Old Circus Debt of 50 Cents In Town of Boyhood.

Watertown, N. Y.—Frank W. Woolworth, many times a millionaire, is worth at least 50 cents less than when he arrived here. It was a persistent creditor known far and wide in this section as "Huckleberry Charlie" Sherman that took Mr. Woolworth's measure.

Forty years ago, when the big syndicate man and "Huckleberry Charlie" played as boys in the fields near Great Bend, the future multimillionaire needed just 50 cents to go to a circus that had struck town. On Charlie's money they both saw the show.

Recently, as Mr. Woolworth alighted from his automobile, Charlie was on hand to press his claim. Mr. Woolworth did not temporize. He acknowledged the debt, and, what's more, he paid it.

"We are both from the same town, you know," explained Mr. Woolworth after the settlement. "It seems good to see Charlie once more, even if it has cost me half a dollar. Anyway, that was the best show I ever saw."

KEPT COFFIN THIRTY YEARS.

Eccentric War Veteran Arranged His Own Funeral.

Newcastle, Ind.—Moab Turner, seventy-seven years old, was buried in a coffin he had made thirty years ago when he suffered his first stroke of paralysis. It was built from a great walnut chest which had been in his family for years. The coffin had been in the care of a local undertaker for ten years.

Turner, who was eccentric and arranged his own funeral, lived in Tennessee when the civil war broke out. He was conscripted by the south, and after six months' service succeeded in having himself taken prisoner so that he could join the Union army. He was captured at Cumberland Gap, exchanged, saw service daily in the Atlanta campaign and was again captured.

SHE IS QUEEN RAT CATCHER.

Girl of Twelve Demands Bounty on Bodies of Seventeen.

Marinette, Wis.—Pearl Parimeteer, twelve, has given another proof of woman's encroachment on provinces heretofore occupied by men. She took seventeen dead rats into the office of Menominee's city clerk and asked for the bounty of 5 cents a head.

In the number of rats caught Pearl is second only to Lloyd Mason, the champion six-year-old rat catcher of Menominee, who has killed and collected bounties on fifty-four rats.

TURN FAUCET AND GET APPLEJACK COCKTAIL

Enjoyed Until Cider Makers Find New Dump For Refuse.

Reading, Pa.—For some weeks the city water bureau has noticed an amazing increase in the water used in this city. Inspectors and registrars alike were unable to account for it. People who seldom used water except to wash in have been seen indulging in amazing quantities. Men who have not used it as a tipple for a long time have been forsaking bars and clinging to water attachments in public places in lieu of pumps.

Analysis of the water discovered a peculiar taste. It was like three fingers of Bourbon diluted to the eighth degree. This failed to solve the mystery, however, as no one supposed for a moment that a distillery had been located near any of the reservoirs.

By accident the key to the puzzle has just been found. One of the inspectors of the state health board patrolling the water shed found several cider mills along the Maiden creek, which supplies the city, were dumping the waste and pulp from the apples used in making cider into the stream. This pulp, fermenting in the shallow places, produced the alcoholic juice that lent its peculiar applejack flavor later noticed in the city water.

Even the fish showed the effects. Fishermen reported that the fish would not bite, but seemed to be running around recklessly in the water and indulging in antics that no fish in its right mind would think of.

FLOOD LIFTS COW INTO TREE

Among Other Freakish Stunts, It Steals Barrel of Vinegar.

Frederick, Md.—Queer freaks were played by a cloudburst which swept over a section of Frederick county.

County Commissioner Frank M. Stevens of Creagerstown lost two cows. He found one of them in the fork of a peach tree seven feet from the ground. Samuel Geisbert of Creagerstown, who thought he had taken every movable object from his cellar, lost a barrel of vinegar.

Kill Big Brown Bear.

Nevada City, Cal.—A 300 pound brown bear was killed by Albert Buck and Henry Bever while hunting their stock in the vicinity of Moores flat. The footprints of the bear had been seen for weeks. The dogs got the scent and soon had the animal treed. Buck took one shot and brought the bear to earth. There have been several bears seen in the northern part of Nevada county, and they have been a menace to the stockmen.

No Style Show This Season

On account of slow deliveries of merchandise we have decided not to hold a style show this season.
We have now placed in our regular stocks all the beautiful Cloaks, Suits, Dresses, Furs, etc which we have not shown before, thinking we would have a style show.
These are the most beautiful garments we have shown this season.
Be Sure To See Them.

LADIES DAY AT WASHINGTON.

G.A.R. Veterans Honor 25 War Nurses Who Survive.

Special to The Democrat-Forum.

Washington, Sept. 1.—Sessions of Loyal Women and other ladies' auxillaries of the Grand Army of the Republic held here in connnection with the Grand Army encampment, were made notable by the presence of Mrs. Rebecca Lane Price, president of the National Association of Army Nurses. Mrs. Price is a famous war nurse and was the guest of honor during the encampment this week.

She is regarded as one of the most vigorous women in Grand Army circles and served with other women, with the sanitary commission during the great struggle between the states. Her home is in Lancaster, Pa., and she is honorary member of the G. A. R. post at Phoenixville, Pa. It was in this village that she and her friends made articles for the soldiers.

Twenty-five war nurses, all who survive of the many young girls and women who went to the battlefields on their errands of mercy in the sixties, were the special guests of the legion.

Praise for Woman's Edition.

The following is from this week's Hopkins Journal:

The Journal wishes to congratulate the ladies of Maryville who had charge of The Daily Democrat-Forum last Saturday, issuing a 24-page paper filled with original matter—a paper teeming with interest for every member of the family, and of especial interest to the women folks, many of the articles and sayings heating their imagination to a point of enthusiasm, but after all the ladies in charge of the paper are not suffragettes, for in surrendering the editorial pencil, they say: "Thank you, Mr. Van Cleve Thank you, Mr.. Todd. It has been great fun and a novel experience. But on the level, we are perfectly willing to go back to our housekeeping and allow you to run the paper from now on. Keeping house and minding the baby is not such a tough job after all, and since an all wise Providence decreed that the running of newspapers should be in the hands of mere men, let us leave it so."

Maryville club women got out a 24-page edition of The Daily Democrat-Forum last Saturday. In addition to interesting local news it contained special features that make Maryville one of the best towns in the state, a "History of Clubs in Maryville" and an "Educational Department" that was a boost for Maryville's exceptionally strong schools. It was a very creditable edition and gave excellent proof that the ladies of Maryville are true "Missouri Boosters" as well as the men. In fact, it leads us to suspect that in reality these good women are the 'real force" that is making Maryville a winner in every respect.—Gallatin Democrat.

The ladies of Maryville certainly deserve much praise for the splendid edition of The Democrat-Forum, which they had charge of last Saturday. The paper contained 24 pages of news, personal, social, religious, educational, household and several other different sections composed it.—Barnard Bulletin.

Looks Meant a Great Deal.

From the Detroit Free Press.

"She doesn't like the way her husband is carrying on with those young girls."

"What makes you think so? She seems pleasant enough."

"I know, but she just tossed him that 'wait till I get you home' look."

E. J. Fine of Hopkins took cattle to the St. Joseph market yesterday.

Letter to Mr. L. E. Forsythe, Maryville, Mo.

Dear Sir: Porterhouse, so much; neck, so much; all the way between.

Just so with paint. Devoe lead-and-zinc is the porterhouse. Nobody wants the neck; the between, some say, is good enough for them.

But Devoe costs less, not more, than between. Lead-and-oil is between; it is the old-fashion paint. But zinc has come in. Zinc toughens white lead. Devoe lead-and-zinc is the paint that wears twice as long as lead-and-oil.

Mr. John N. Deitel, Fair Haven, N. Y., writes:

"Mr. Charles Hallenbeck of this place painted his house three years ago with Devoe lead-and-zinc; his father painted at the same time with lead-and-oil. Today the son's house looks as well as the day it was painted, while the father's house has all chalked off and needs painting very badly. The father says he will paint with Devoe next time."

Yours truly,
F. W. DEVOE & CO.,
New York, Chicago and Kansas City.

P. S.—Koch's Pharmacy sells our paint.

FIRST LOAN OF FAMOUS FLAGS

Veterans of G. A. R. Get Collection of Noted Banners Temporarily.

Special to The Democrat-Forum.

Washington, Sept. Oct. 1.—For the first time in the nation's history Uncle Sam has consented temporarily to relinquish control of one of history's greatest treasures—the Washington collection of historic flags of the republic. Many attempts have been made to borrow the army and navy flag collection for exhibition at patriotic gatherings, but it remained for the veterans in charge of the Forty-ninth annual encampment and Fiftieth anniversary of the Grand Review of the G. A. R., which is being held in this city this week to be first to receive this privilege.

As famous flag collections go the Americanexhibit is not extraordinarily large but Uncle Sam demonstrates his love and pride by placing a cash valuation of $15,000 on the collection. Several of the more famous of the battle flags, threadbare and torn by the conflicts of 1776, 1812, and 1861, are estimated to be worth $1,000 each.

The Citizens' Committee in charge of the encampment placed the flags on exhibition under military and police guard in a storeroom on Pennsylvania avenue loanedd the flags for the purpose of display to all reponsible citizens of Washington who deposited bond equal to the valuation to the flag selected.

Ozro Gray a Horse Buyer.

Ozro Gray, formerly of Hopkins, but now living at the edge of Maryville, has formed partnership with J. Andy Ford in buying horses, and the new firm bought war horses in this city Wednesday afternoon of this week. Ozro is a live one and makes a success of everything he undertakes. —Hopkins Journal.

OLD SIGNAL CORPS IN ACTION.

President's Message "Wig Wagged" in Old Code Over Washington.

Special to The Democrat-Forum.

Washington, Oct. 1.—On the opening day of the Grand Army Encampment in Washington President Wilson "wig wagged" a message of greeting and good will to the veterans visiting the National capitol. Mr. Wilson did not manipulate the flags for he does not understand the old Myer code which was in use by the Union army during the Civil war, but his welcome was translated into the sign language and sent from station to station about Washington by survivors of the Signal Corps of fifty years ago.

Arrangement for the signaling features of the encampment were made by Lieut. George Carr Round, the president of U. S. Veterans Signal Corps Association, who called upon all members of the organization who were able to do so to be present in Washington during encampment week. The main station of the Signal Corps boys of '61-'65 was upon the heights of Georgetown in the extreme western section of Washington and upon the very spot where the government had its Signal Camps of Instruction during the war. Mt. Tabor Methodist church stands there now and it was used as the headquarters of the Corps.

344,976 Barrels Less Beer Made.

Special to The Democrat-Forum.

Jefferson City, Oct. 1.—There has been a falling off in the manufacture of beer in this state during the present year of 344,976 barrels, according to the estimates furnished today by Thomas Speed Mosby, state beer inspector. This represents 10,694,256 gallons. Up to the close of business today the state had lost $67,544.13 in beer inspection taxes over the collections of a corresponding period last year.

The Neal bridge is unsafe for crossing, due to the loosening of the abutments and piers by the high water. The 102 river is back almost to normal today.

Three Big Ears On One Stalk.

Henry Behm was walking through his corn field the other day when he found a stalk with three big ears on it, says the Hopkins Journal. He says he has often seen stalks with two good ears and a nubbin, but never before saw a stalk with three big, well filled ears on it—ears nine or ten inches long. He expects to place the stalk on exhibition at this office. The corn crop here this season will be much heavier than it was last season, some estimating the yield at from 40 to 70 bushels to the acre.

E. B. Sheldon's Condition Unchanged.

The condition of E. B. Sheldon, who was brought from Excelsior Springs to his home in this city Wednesday night, was slightly better today. Mr. Sheldon stood the trip home very well, but there has been no marked improvement in his condition.

Mrs. A. A. Leet of Bedford, Ia., came to Maryville this morning to spend a few days visiting Mr. and Mrs. L. C. Gann.

WONDERS NEVER CEASE.

The Latest is a Wireless Telephone Message Across Continent.

Special to The Democrat-Forum.

Washington, Oct. 1.—Wireless telephone communication across the continent was accomplished today for the first time, when experiments extending over several months culminated in successful transmission of the human voice by radio from the great naval plant at Arlington, Va., across the continent to the station at Mare Island, Cal., 2,500 miles away.

The experiments were conducted under direction of Captain Bullard, chief of the navy's radio service, in co-operation with the American Telephone and Telegraph company and the Western Electric company. Secretary Daniels of the navy, announcing the result tonight, predicted that further developments of wireless telephony will make great changes in long distance communication, both for military and naval service in commercial usage.

The KITCHEN CABINET

The law of a king is service,
And the kingliest serve the most.
Then ye who are sons of promise
And would royal lineage boast,
Get under the common burden,
Go, brother the brotherless song
And win the royal guerdon,
The thanks of comforted ones.
—Staley F. Davis.

CABBAGE COMBINATIONS.

Cabbage may be made quite another dish by cooking and combining with different seasonings and food. Creamed cabbage is an especially nice dish; shred the cabbage very fine and cook it until tender in boiling water, slightly salted, then drain in a colander and put it into a rich, well seasoned white sauce. A few bits of finely chopped celery and a dash of onion improves the flavor.

Buttered cabbage is another appetizing dish. Cook finely shredded cabbage, until tender, in salted water, drain and put it back into the saucepan, add water, pepper and more salt and when well mixed a few tablespoonfuls of good vinegar to give it a zest. Serve hot.

Cabbage eaten raw is more digestible than when cooked. When serving it raw it should be very finely shredded or chopped and allowed to stand in cold water to crisp. Drain well, add salt, sugar, thick sweet cream and a very little vinegar. This makes a most delicious salad to serve at any meal.

Another cabbage salad which is such a favorite with the Germans especially, and is named German salad, is prepared by chopping fine a small head of cabbage and an onion and pouring over them the fat fried out from a good slice of salt pork cut in small cubes; when well mixed, season highly with salt and red pepper and pour over a half cupful of boiling hot vinegar. The cubes of fried pork may be added or used as a garnish, only be sure to add them, as they add greatly to the salad.

Spanish onion, cabbage and a green pepper chopped together, served individually with a hard-cooked half of egg chopped and sprinkled over each serving. Serve with French dressing.

A rather unusual, but pretty way, of serving this vegetable is to boil a nice, solid head until tender and put it whole on a platter with pork sausage for a garnish. Serve wedge-shaped pieces, mashed potato and sausage.

$250,000,000 IS ASKED FOR ARMY

Secretary Garrison Wants That Sum From Congress.

FOR DEFENSIVE PURPOSES.

Half a Million Trained Men In Five Years Is Hope—Declares President Wilson Will Try to Convince Leaders Big Increase Is Imperative—Stock of Ammunition Recommended.

Washington.—The plans for the reorganization of the army are nearing completion and soon will receive the president's approval. A series of conferences has been held at the White House between the president, Secretary of War Garrison and the chairmen of the senate and house committees on military affairs.

The basis of these conferences will be the report which Secretary of War Garrison is preparing with the assistance of the most experienced men in the army. The purpose of the conferences will be to obtain the viewpoints of the legislative leaders and to get their approval of the Garrison plan.

The first and most important point in relation to the plans appears to be that Secretary Garrison will ask congress at the next session for approximately $250,000,000 for the use of the army.

Photo by American Press Association.

SECRETARY GARRISON.

When Secretary Garrison appointed a committee of ranking officers to go into the questions they presented the various needs of the army from their viewpoint and then advised the head of the department that it would require $600,000,000 this year to provide these needs.

The secretary took the plans and analyzed them piece by piece until he has finally cut the cost by $350,000,000.

As now worked out the plans provide for an army built along the following lines:

An immediate increase of between 25,000 and 40,000 men and 1,000 officers.

The present enlistment terms to be changed to the short enlistment, with a reserve provision which requires the soldiers to return to the colors upon call.

By the operation of this plan the army at the end of five years would consist of 500,000 trained men—125,000 in the service and 375,000 prepared to join the colors at a moment's notice.

The theory upon which this plan was worked out was that the American standing army should be for defensive purposes only. In other words, it was prepared upon the assumption that the navy will be increased to such an extent that it can for a long enough time protect the two coasts against attack to give the army a chance to build up a tremendous force with the 500,000 men as a basis.

The plan provides for the enlargement of the most important coast fortifications and the use of the greatest guns at the principal points.

A general increase in all branches of ordnance and the purchase of a stock of ammunition plentiful enough to carry on an initial campaign.

In addition to the plan for the regular army there will be a number of suggestions for the standardization of the militia. Because of the failure of most of the state organizations to meet the standards set down by the war department it has been deemed inadvisable to spend any great amount of federal money on these branches. It is declared that President Wilson will urge on the leaders that the proposed increase is imperative.

Women's Hose Mend Tire.

Elkhart, Ind.—Several pairs of women's hosiery were used in repairing a tire of an automobile in which a party of tourists passed through Elkhart. "We had to do something to reach this burg. Handkerchiefs weren't long enough and we had no tape," said one of the party, explaining why the women could not dismount until new stockings had been purchased.

SOCIETY and CLUBLAND

By KATE SCHENCK

PHONES—OFFICE 42. HOME 683

"Take Her Along."

Mother is really a good sport. You have simply overlooked her in your fun. You have always thought of her as a sort of combination angel and servant, and you have made use of her endlessly and thoughtlessly. You have accepted her sacrifices as a matter of course. Sometimes you have not noticed how near you have come to allowing her love to turn into mere drudgery. The strange part of it is that she loves fun as much as yourself, that she is just as jolly on a picnic as anybody else you could invite. To go on thinking of everybody else and before her is more your misfortune than it is hers. You are really missing a pal when you overlook her. —Los Angeles Times.

W. R. C. to Meet.

The regular meeting of the Women's Relief Corps will be held at 2:30 o'clock Saturday afternoon in the K. of P. hall.

Meets With Mrs. Brooks.

The Epworth League of the Methodist church of Quitman held its regular business meeting last night at the home of Mrs. Mary Brooks. A social period followed the business hour.

To Give Social.

A box supper will be given Saturday night at the Woodmen hall of Quitman for the benefit of the Methodist church of that place.

Craven Dinner Party.

Mr. and Mrs. Robinson Craven were the hosts of a dinner given at noon yesterday at their home on West Second street when plates were laid for Mrs. John Bantz and her house guest, Mrs. John Whedbee of Carthage, Mrs. Rosanna Stauble, Mrs. Anna Stauble and the hosts.

Miss Young Hostess.

Miss Daisy Young was the hostess of a dinner party given at noon yesterday at the Young home on East First street, which was arranged to celebrate her birthday anniversary. Plates were laid for Mr. and Mrs. Albert Appleby and daughter, Alvina, Mr. and Mrs. Albert Mercer, Mr. and Mrs. Will Trullinger and daughter, Ervilla, Mr. and Mrs. R. Young and the hostess.

Observes First Wedding Anniversary.

Mrs. George P. Bellows was the hostess of a dinner given last night at the Bellows home, on West First street in honor of her son and his wife, Mr. and Mrs. Harold Honnold Bellows, and to celebrate the first anniversary of their wedding day. Plates were laid for Mr. and Mrs. Bellows, Mr. and Mrs. J. R. Brink, Mr. and Mrs. R. P. Hosmer and daughter, Margaret Louise, Mrs. M. J. Honnold and the hostess.

Golden Wedding Anniversary.

Mr. and Mrs. J. W. Wilson, living southeast of Skidmore, celebrated their fiftieth wedding anniversary Monday, and to observe the day entertained a large party of friends and relatives at their home. Their only daughter, Mrs. F. S. Yeiter of Garden City, Kan., was present to spend the day with her parents. Mr. and Mrs. Wilson were married at Peoria, Ill., and came to Nodaway county in 1870 to make their home.

Hold Novel Sale.

The women of the First Presbyterian church have planned a benefit event for tomorrow which is decidedly novel. It is called a "parcel post" sale. In each parcel is an article of which the original cost must be a quarter. The majority of the articles are handmade pieces of fancy work or household articles of a greater value. All are to be wrapped so that the contents are entirely disguised and sold for 25 cents each. The sale will be held at the millinery store of Miss Ashford, on North Main street, beginning at 9 o'clock Saturday morning.

Gives Cafeteria Supper.

The Westminster Guild held its September meeting last night in the study rooms of the First Presbyterian church, making the occasion entirely a social one in compliment to Mrs. William Moll Case, the wife of the new pastor, who made her first acquaintance with the guild members at this time. A cafeteria supper was served at 6:30 o'clock, and this was followed by an impromptu musicale, Mrs. Case Mrs. C. Edwin Wells, Mrs. G. H. Colbert, Mrs. E. H. Schenck and Miss Nelle Hudson presenting the program. Those present were Mrs. Case, Mrs. Walter Hanson, Mrs. W. H. Allen, Mrs. C. E. Wells, Mrs. G. H. Colbert, Mrs. Emery Airy, Mrs. E. H. Schenck, Mrs. Fred French, Mrs. Cora Trullinger, Misses Mabel Wells, Helen Todd, Nelle Hudson, Lucie Davis, Kate Schenck, Jean Horn, Eathel Woods, Elizabeth Ashford, Margaret Lee Winston, Lois Farmer, Neva Sage, Alice Worst, Juno Jones, Leona Willard, Lena Brown, Eva and Fay Sprecher, Ida Barton and Theresa Carsten. The first regular study meeting of the season will be held Tuesday evening, October 12, at the home of Miss Nelle Hudson.

To Celebrate Birthday.

A number of the friends and neighbors of Mr. and Mrs. James McGinness, living northeast of the city, arranged a very pleasant surprise for them Monday night, when they gathered at the McGinness home to spend the evening. The occasion was to celebrate the sixtieth birthday anniversary of Mrs. McGinness. The crowd brought with them the menu to serve a delicious supper, which was enjoyed. A musical program was given by Messrs. Louis, Roy and Fred Schulte. Those present were Mr. and Mrs. McGinness, Mr. and Mrs. Frank Schwejkhardt, Mr. and Mrs. John Dick, Mr. and Mrs. W. D. Walker and son, Mr. and Mrs. John Erickson and daughter, Ruth, Mr. and Mrs. Mounts and daughter, Iva, Mr. and Mrs. John Gallagher and sons, Mr. and Mrs. Fred Schulte, Mrs. Dale Partridge, Miss Beulah Mounts, Miss Bernice McGinness, Thomas Young, Dewey Mounts, Robert McGinness, Louis, Roy and Fred Schulte, Harold Erickson, Will Knobbs and Carlon Hightshoe.

For Newly Weds.

The first brilliant event of the fall social season was a delightful party given last night by Dr. and Mrs. John Charles Allender, when they entertained seventy-five friends at the Allender home, on South Fillmore street, who were bidden to meet their son and his bride, Dr. and Mrs. Roland Baxter Allender of Boone, Ia. The invitations were also issued in compliment to Dr. and Mrs. Lafe Carl Allender of Atlantic, Ia., who were unable to make their visit to this city as planned. In the receiving line with the hosts and honored guests was Mrs. R. C. Campbell of Fort Scott, Kan., a sister of Mrs. J. C. Allender, who is their house guest, and who shared the social honors of the evening. The home was given added attractiveness by a profusion of garden flowers used in decorating. After the euchre games the small tables were arranged for luncheon. White was used in every detail of appointments and in the three-course menu served. The assisting friends were Mrs. William Wallis, Jr., Mrs. J. C. Denham and Miss Alice Porter. The game prizes were won by Miss Dorothy Pierce and Mr. Roland Allender, and the guest favor by Mrs. William Johnston. Among the out-of-town friends present were Mrs. R. C. Campbell, Mrs. William Johnston of Seattle, Wash., who is visiting the Bellows families, and Mrs. Wray Dudley of Pittsburg, Pa., who is visiting her parents, Mr. and Mrs. John Wesley Herren. Dr. Allender and his bride were married a few weeks ago at Keota, Ia., and have been spending their honeymoon at various places of interest in the west. They came to Maryville Tuesday night and visited until today, when they left for their home at Boone, Ia., where a newly furnished cottage is ready for their occupancy. The bride is a charming young woman, who has been warmly welcomed into the friendship of all the Allender circle of acquaintances in this city.

Come On With Your Cabbage Heads.

J. Arch McMaster has six big ones, the six weighing 80 pounds. Three of the six heads weigh 50 pounds and the big one of the six weighs 18 pounds. Some cabbage, eh?—Hopkins Journal.

"Vaporize" Croup or Cold Troubles

Vapor treatments for cold troubles are better than internal medicines, as the vapors carry the medication direct to the lungs and air passages without disturbing the stomach.

When Vick's "Vap-O-Rub" Salve is applied over the throat and chest, these vapors, released by the heat of the body, are inhaled with each breath. 25c, to $1.00.

BELGIUM STILL PLEADS.

Situation and Need Acute as Ever, Says Relief Commission.

If the American people believe their work in Belgium is over, or even partially over, they will do well as soon as possible to relieve their minds of that impression, says the "New York Press" of September 7. Not only are there 7,000,000 Belgian mouths and 2,000,000 French ones in the "occupied zone" into which nothing enters save what is provided by America, but the situation in some ways presents more serious aspects than it did this time last year.

Perhaps the most arduous part because, although the first enthusiastic wave of sympathy for the stricken country, which made the collection of donations little more than the sending of acknowledgements, has had a year to lose its original ardor, the task is just as big as ever.

Sixty thousand tons of food have to be sent every month, and over 1,500,000 people fed who have no means to pay anything. This means a minimum of $3,000,000 a month to be raised, and it is not expected the Commission's present funds can last much longer without substantial replenishment.

The people of Belgium who are able to pay for food, of course, have not been receiving gratis their supplies from the Commission. There are about 5,500,000 of these. As there is little other food for sale in Belgium, they have to buy their supplies from the Commission. They each have had to procure a ticket, entitling them to buy only a certain amount—precisely the same as that given to those who have no money

UNCLE SAM TO HIRE NO WIVES.

Only Single Women May Work in the Postoffice Department After October 2.

From the Philadelphia North American

Any married woman who has sawed off diplomatic relations with friend husband and is making her own way in the world will have to get a divorce if she seeks a position in the Postoffice Department.

A divorced or widowed woman may work in the postoffice if she fills other necessary requirements. A married woman, even if she merely has a wild ambition to help her husband multiply the bank account, will have to use her talents elsewhere. Nothing doing for her, according to a decision of Uncle Samuel.

Announcement of a competitive examination for October 2 by the United States civil service officials disclosed the fact that a recent order of the Postoffice Department bars from these examinations women who may be separated from their husbands and who have to earn their own living.

Married women have been eliminated for a long time, but heretofore an exception has been made in the case of women, who were married but not working at the matrimonial counter. The new order is strict. Any grass widow must first get a divorce if she wants to work in the postoffice.

To Return from Kansas City.

Mrs. George Robert Eaton will return tonight from a visit of several days with friends in Kansas City.

Day after day The Democrat-Forum offers you the opportunity of reaching these people; for day after day with steadily increasing circulation, The Democrat-Forum goes out to these prosperous people of Nodaway County.

Day after day others are using The Democrat-Forum to reach this market.

Your goods can be marketed through the same source, if your advertising is intelligently and consistently applied.

Better begin to use this service of The Democrat-Forum at once. Every Day of Waiting Is a Day of Waste.

FROZE HER SKIN WHITE.

Doctor Recounts Effect of Ether on Colored Woman.

Chicago.—Dr. J. W. King of Bradford, Pa., told a number of his colleagues at a meeting how he turned a negress' skin white as the result of an accident. He treated a colored woman for lumbago by freezing one leg from the hip down to the ankle with ether.

"After a week or so," said Dr. King, "she returned to my office and said:

"'Doctor, the lumbago is gone, but I think I shall have to prosecute you for mistreatment. You've done more than you said you would.'

"The leg I had treated was perfectly white and is so to this day."

Some of the doctors present agreed that ether freezing has been known to remove the pigments in the skin, but they say Dr. King's case is unusual.

NINETY-TWO; RECHRISTENED.

Many Tail Feathers Is Grows New Teeth After Dentist's Visit.

San Francisco.—Chief Many Tail Feathers, ninety-two years of age and prominent in the Indian colony of the Great Northern railway's exhibit at the exposition, possesses a single tooth, gnarled and battered by many years' service.

"The white brother may have his teeth replaced, why not the Indian, to whom the great father in Washington promises all things that are good?" pondered the aged chief.

Many Tail Feathers conferred with Chief Bull Calf, and now that Many Tail Feathers has been measured up for a new set of pearlies his tribe has rechristened him "Grows New Teeth."

IS OLDEST MESSENGER "BOY"

Snowy Haired Uncle John Speeds With Telegrams at Eighty-four.

Luling, Tex.—J. E. Palmer of this city probably enjoys the distinction of being the oldest messenger "boy" in the world. At the age of eighty-four he works for the Western Union from 8 a. m. until 6 p. m., delivering messages from one end of the city to the other.

Palmer was born in Flemingsburg, Ky., Jan. 29, 1832, and fought all through the civil war. Uncle John, as he is better known, came to Caldwell county in 1886. He is snowy haired and slightly bent.

U. S. SUBMARINES ARE BUILT THE STRONGEST

Our Undersea Craft Beat Those of Other Nations.

Washington.—Whatever else may be said of the submarine torpedo boats of the United States, naval experts familiar with this type of craft are confident that the underwater boats of no other nation are built on stronger lines. In fact, naval officers say that none of the great world powers requires the construction of submarines to resist anything like the great water pressure that is required of American submarines.

Submarines built for the American navy must have hull strength sufficient to resist the pressure of the ocean at a depth of 300 feet. Before these delicate craft are accepted they must have withstood pressure at a depth around 210 feet, which is deemed sufficient, but must be strong enough to go much lower. British and German submarines are not required to stand pressure at 300 feet, the requirement usually running around 200 feet. German submarines, as a rule, are tested at a depth around 150 feet and those of the British navy sometimes at a greater depth.

Of all submarine defects those affecting the propelling engines have been most numerous and bothersome. The development of this type of engine has been very gradual. Until very recently, however, engine trouble has been of common occurrence in submarines, and the work of construction has been delayed more by engine defects probably than from all other defects combined.

For example, while the contracts for submarines usually call for delivery within two years, it has been understood at all times that the vessels could not be completed and delivered in that time, and the reason given always has been the engines. It is believed, however, that the submarine engines have been so far perfected that from now on delivery of the boats may be confidently expected within the contract period. Naval experts concede that Germany may have a superior submarine engine.

While deeply regretting the loss of the F-4, with its crew of twenty-two men, naval officers take pride in the fact that that was the only fatal accident to an American submarine, while similar accidents have happened to the submarines of the big European nations on more than one occasion.

But submarine cruising is hazardous at best. The structure of a submarine is necessarily delicate. Any one of many things might be responsible for wrecking an underwater boat.

Cow Prefers Pear Diet.

Hood River, Ore.—E. Reeve Claxton, an orchardist on the west side, has a cow that has been expensive to keep this summer. Mr. Claxton figures that the cost of the cow's feed, including fifty boxes of d'Anjou pears, has been about $112.50.

MOVIE TRUST DISSOLVED

Federal Court in Philadelphia Hands Down Unfavorable Decision, —Profits Too High.

Special to The Democrat-Forum.

Philadelphia, Oct. 1.—Judge Dickerson, in the district court, handed down an opinion in favor of the government in the suit under the Sherman anti-trust law to bring about dissolution of the so-called motion picture trust.

The trust was held to be a menace to trade, and the opinion was against Motion Picture Patents company. Twenty other corporations and eleven individuals are charged with making astounding profits by monopolizing business and thrusting competitors out of the way.

The companies will probably appeal.

"SHOW-ME-SELF" DAY OCT. 4

First Monday in October Named by Legislature as Missouri Day, a State Holiday.

Missouri is famous the world over as the "Show me" state. It is becoming well known as the "Show 'em" commonwealth. But it remains for us this year to institute what the Irishman called a "Show me-self" feeling among Missourians.

Prophets, it is said, often are without honor in their own countries; but it is a poor states that is not respected within its own confines. In proof of some such sentiment as this and to popularize at home the "Show-Me" spirit, Missourians this year are to celebrate Missouri Day, a new state holiday, the first Monday in October, which falls this time on October 4.

The first Monday in October has been designated as Missouri Day, a bill to that effect having been passed by the General Assembly and signed by Governor Elliott W. Major, March 22, 1915.

The bill proposes that the people of Missouri—the educational, commercial, political, civic, religious and fraternal organizations—be requested to devote some part of the day to the consideration of the products of the mine, field and forest of the state and to the achievements of Missourians in commerce, literature, statesmanship art, science and all other lines of activity in which the state has rendered service.

In view of the honors won by Missouri at the Panama-Pacific Exposition—fifty-two prizes having been received—Missouri should have a good reason for celebration this year.

TO ASSIST IN CONCERT.

Maryville Musicians Drive to Skidmore to Help in E. L. Entertainment.

The Rev. G. S. Cox, pastor of the First Methodist church; Prof. P. O. Landon, Mr. and Mrs. Charles Moore, Mrs. Rolla Alexander, Mr. and Mrs. Harry Mutz, Miss Ada Clayton, Miss Nellie Wray, Miss Dale Hulet, John Mutz and George Herren will drive to Skidmore in the Cox, Moore and Herren cars, to assist in a musicale to be given there tonight under the auspices of the Epworth League of the Methodist church.

KIRKSVILLE BOYS FIRE BACK

Following Ban On Tobacco by Girls, High School Lads Renounce Users of Paints and Powder.

A city famous for old maids and old bachelors will be the lot of Kirksville in a few years if affairs are not straightened out and an understanding reached. The following from the Kirksville Express tells the story:

Seventy-four boys at the Kirksville high school—and they claim there will be a hundred of them by night—who think that they have as much right to set up rules as the girls, and that it is a poor rule that will not work both ways, have signed a pledge that they will not keep company with girls who powder, paint, or wear hair rats or chew gum.

The ultimatum is worded in the following solemn phrases:

"We, the undersigned, do solemnly swear not to keep company with young ladies who wear powder, paint, hair rats, or who chew gum."

Practically all the boys of the high school who have had the document presented to them have signed and feel that if the girls are going to reform them by legislating against cigarettes they will urge a reformation themselves.

The action on the part of the boys was precipitated by a document signed by the girls stating they would not associate with men or boys who smoked cigarettes. This was signed by 152 girls and young women.

He Was Pretty Hungry.

Little Willie's mother sent him to bed without any supper.

At eight o'clock, as Willie lay dismally in his little bed in the dark, his father appeared at the door and whispered:

"Son, could you eat some honey in the comb?"

"Jiminy, dad!" Willie answered, "I could eat it in the brush!"

Do Not Gripe

We have a pleasant laxative that will just do what you want it to do.

Rexall Orderlies

We sell thousands of them and we have never seen a better remedy for the bowels. Sold only by us, 10 cents.

Orear-Henry Drug Co.

"The Face in the Moonlight."

Robert Warwick in "The Face in the Moonlight" is the attraction at the Empire theater tonight. It is another of W. A. Brady's pictures and is filmed by the World Film Corporation. The plot is laid in France at the time of Napoleon.
